Re: Opposition to Centegra - Huntley Hospital

Dear Ms. Avery:

I oppose the construction of the Centegra Huntley hospital. We do not need another hospital in the area. There are already enough hospitals. Please do not allow another hospital to be built.

Building another hospital will harm the current hospitals in the area: Good Shepherd, Sherman, and St. Alexius. Building another hospital will increase health care costs at a time when health care expenses are already very high.

Yours Truly,

*Marie Monaco*
