- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

I believe that the Mercy physicians, therapists, nurses, and staff members that currently work at Mercy satellite facilities throughout McHenry County are doing their very best to provide excellent care to their current patients. It would be extremely helpful to be able to also provide them with a hospital facility in Crystal Lake to increase the level of health care that could be provided.

Thank you for your consideration.
