**HEALTH FACILITIES &
SERVICES REVIEW BOARD**

To the Illinois Health Facilities and Services Review Board,

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

I believe that Mercy's new hospital will provide:

- Better access to health care services
- Shorter emergency room wait times
- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

With the total of population in our County
we need immediate care for short time
of emergency care.

Thank you for your consideration.

Additional comments:

We have used Mercy Howard Hospital since it came to Howard. They have excellent staff and first class care. I trust they would provide the same for many more residents if permitted to build in Crystal Lake.

Thank you for your consideration.
