Subject: Technical Assistance Documentation

Frank,

This email is to document the technical assistance call I had with you, Juan Morado and Courtney Avery on Friday December 2, 2011 for Project No. 10-090, Centegra Hospital-Huntley regarding the requirements of Section 1110.530(b)(5) on Service Accessibility and the public comment guidelines. As set forth in my letter to you dated November 18, 2011, the applicants understood that where Section 1110.530(b)(5) states that "an applicant shall document that at least one of the following factors exist", that specific provision is complied with when the applicant documents one of the five factors listed and that the provision does not require two factors to be documented. You stated you agreed with that interpretation. You also confirmed that the guidelines for public comment at the December Review Board meeting would be the written guidelines posted on the Review Board's website. Thank you for your assistance on these matters.

Dan
