RE: Permit Alteration: Project #10-059; Permit Holder: Trinity Medical Center, Rock Island

Dear Mr. Willsher:

On September 24, 2013, the Illinois Health Facilities and Services Review Board (State Board) approved the alteration requested for the above-captioned project. The alteration approved was for the following:

The permit holder is proposing to increase the original permit amount by \$777,954 (\$373,726 + 404,228 = \$777,954) or 6.14%. The permit holder is also proposing to decrease the approved GSF a total of 761 GSF (375GSF + 386GSF = 761GSF) or 1.75% of the total approved GSF of 43,455.

The permit holder is reminded that for the final realized cost report, any amount that exceeds the altered permit amount will be considered a cost overrun without a permit.

The permit holder should note the post-permit requirements contained in "Subpart G" of 77 IAC 1130. Adherence to the post-permit requirements is essential in maintaining a valid permit and is the responsibility of the permit holder.

Should you have any questions please contact my Mike Constantino of George Roate at (217) 782-3516 should you have any questions.

Sincerely,

Courtney R. Avery
Administrator
Illinois Health Facilities and Services Review Board
