Dear Mr Olejniczak:

We are in receipt of your letter dated October 9, 2015 informing the State Board the use of the shell space approved by the State Board in conjunction with the approval of Permit #10-019 will not occur until such time as a determination has been made on the use of this space. According to your letter that determination will not be made for at least the next two (2) to five (5) years. You are reminded that once that determination has been made a permit for the use of that space must be submitted to the State Board for approval.

Thank you for your continued compliance with the Illinois Health Facilities and Services Review Board. For more information regarding the activities of the State Board please go to <http://www.hfsrb.illinois.gov/>
