Re: Renovation of The Children's Memorial Hospital Outpatient Center

Dear Chairman:

Children's Memorial Hospital is an important institution, not only to Lincoln Park, but to the entire City of Chicago. I have had the opportunity to work with the hospital on a number of issues related to children's health and well-being throughout my time as an elected representative.

Children's Memorial cares for children from every legislative district in Illinois. In FY 2009, the hospital provided 59 percent more inpatient and outpatient Medicaid services than the next highest Illinois hospital.

I fully support the Hospital's request for a Certificate of Need pertaining to the infrastructure improvements to the Clark and Deming facility. This facility provides critical access to specialized pediatric care for children and families,

Renovations are vital to continuing the high quality of care provided at the Clark and Deming facility. I urge your careful consideration for this application. If you have any questions, please feel free to contact my Grants Coordinator, Lynora Dobry, at (773) 267-5926 or Lynora.dobry@mail.house.gov.

Thank you for your consideration.

Re: Renovation of The Children's Memorial Hospital Outpatient Center

Dear Chairman:

Children's Memorial Hospital is an integral community partner in Lincoln Park. Following a move downtown, the Hospital has stated that it will remain committed to the people living and working in our neighborhood.

I support Children's Memorial Hospital's application for a Certificate of Need pertaining to the planned infrastructure improvements at the facility located on the corner of Clark and Deming. The services offered at the center serve a broad community including Lincoln Park and the Chicagoland region.

Improvements to this out-patient clinic will greatly benefit our community.

Re: Renovation of The Children's Memorial Hospital Outpatient Center

Dear Chairman:

Children's Memorial Hospital has proudly served the Lincoln Park community for over 100 years and is a great source of pride to the people living in the 12th District. The Hospital has committed to continuing its longstanding service in the Lincoln Park community following its move to the Northwestern University's medical campus in 2012 through its outpatient facility located at the corner of Clark and Deming Street.

Children's Memorial cares for children from all over the region. The Hospital treats more children insured by Medicaid than any other Illinois hospital. In 2009, Children's Memorial provided 59 percent more inpatient and outpatient Medicaid services than the next highest Illinois hospital.

The outpatient facility in Lincoln Park is an important part of Children's mission. I fully support the Hospital's request for a Certificate of Need pertaining to the modernization of this facility. It provides critical access to specialized pediatric care for children and families, and the renovations are vital to continuing a high quality of care to the families in my service area.

I ask that you approve the Hospital's request for a Certificate of Need related to its renovations.

Thank you for your consideration.

Re: Renovation of The Children's Memorial Hospital Outpatient Center

Dear Chairman:

I fully support Children's Memorial Hospital's request for a Certificate of Need pertaining to renovations of its Outpatient Center at Clark and Deming in the Lincoln Park community. The Outpatient Center provides critical access to specialized pediatric care for children and families that are part of my constituency and throughout Chicago. The renovations are important to continuing the high quality of care provided at this facility.

Children's Memorial has been part of Lincoln Park for over one hundred and twenty five years. The Hospital is an important part of the community that I represent. Since the beginning of my tenure in public office, I have worked closely with the institution on many community projects. The Hospital works diligently to be a good neighbor.

Although the main hospital will be relocated in 2012, the Hospital is committed to keeping a presence in the Lincoln Park community, including through its Outpatient Center at Clark and Deming. The Outpatient Center is important to its mission, and I hope that you will approve Children's Memorial's request for a Certificate of Need.

Thank you for your consideration.

Re: Renovation of The Children's Memorial Hospital Outpatient Center

Dear Chairman:

Children's Memorial Hospital is an integral part of the Lincoln Park Community. Over the past few years, I have worked closely with the hospital on a number of issues important to the area. Although the hospital is planning a move to Streeterville, they remain committed to the Lincoln Park community.

I support Children's Memorial Hospital's application for a Certificate of Need pertaining to the modernization of their facilities at Clark and Deming Streets.

As always, the hospital remains committed to its mission of serving children in need. The ambulatory clinics, rehabilitation services and diagnostic cardiology services offered at the center serve a broad community including Lincoln Park and the Chicagoland region.

Children's Memorial's Clark and Deming out-patient center is a great benefit to this community, and I ask that you approve the hospital's request for a Certificate of Need related to its renovations.

Re: Renovation of The Children's Memorial Hospital Outpatient Center

Dear Chairman Galassie:

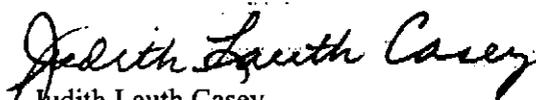

I have resided in Lincoln Park for more than 25 years; during this time I have never lived more than one mile from the hospital and currently live fewer than 3 blocks from the main campus of Children's Memorial Hospital. In addition, for the past 12 years I have served as a community representative on the Community Relations Committee of the Hospital as well as with Hospital personnel on projects to benefit the Lincoln Park Community. Consequently, I have learned a great deal about the Hospital's mission, its services, and its plans for the future.

Based upon my experience, I support without reservation the application of the Hospital for a Certificate of Need from the State of Illinois regarding the Hospital's infrastructure improvements at the Clark/Deming outpatient facility.

Although I applaud the Hospital's move to Streeterville to upgrade its facilities, I am pleased that it remains committed to serving the Lincoln Park Community. Providing world class health care at an improved Clark/Deming outpatient center is an integral part of that commitment.

The Hospital has worked to be a responsible neighbor and partner in Lincoln Park. Please favorably consider this measure.
