**HEALTH FACILITIES &
SERVICES REVIEW BOARD**

Dear Mr. Constantino,

I have concerns regarding a project currently under your review. Transitional Care Management is proposing a 120-bed skilled nursing and rehabilitation facility at 1200 North Arlington Heights Road in Arlington Heights, Illinois.

I live in Arlington Heights and have two major concerns with it.

- 1) We have several highly-respected nursing communities that are currently providing excellent rehabilitative care. Some of those are non-profit options that, I know, also provide charity care and a variety of other wellness options on their campuses, as well as to the community-at-large. I worry that another entry into this saturated market would potentially prohibit these neighboring nursing communities from providing all that they currently have to offer, even to the point of closure.
- 2) As a neighbor, I also have trouble envisioning this size of project on the proposed property. The site does not seem large enough to accommodate a 120-unit facility as well as all its parking needs, and assume street parking would also be utilized by staff and visitors. While the AT&T (previously on that property) business was mostly Monday through Friday, 9am - 5pm, this type of development would have much greater evening and weekend impact on the neighborhood.

I am thankful for the opportunity my state and country provide me to share my concerns. Thank you for your consideration of them.

Dear Mr. Constantino,

I have concerns regarding a project currently under your review. Transitional Care Management is proposing a 120-bed skilled nursing and rehabilitation facility at 1200 North Arlington Heights Road in Arlington Heights, Illinois.

I live in Mount Prospect, work in Arlington Heights, and am not in favor of this project.

We have several options for excellent rehabilitative care in this area. Some of those are non-profit options that also provide charity care and a wide variety of other wellness options to the community-at-large. I worry that another entry into this saturated market would potentially prohibit these neighboring nursing communities from providing all that they currently have to offer, even to the point of closure.

Thank you for your consideration of my concern.
