Mike,

As evidence of its commitment to provide charity care services, the applicants for the above-referenced project have reached an agreement as outlined in the attached letter with the Lake County Health Department to refer patients to the physicians/ASTC.

John V. Prunskis, MD
Illinois Pain Institute
431 Summit Street
Elgin, IL 60120

Dear Dr. Prunskis:

Please accept this letter as a follow-up to the May 16, 2010 meeting of Lake County Health Department and Community Health Center Primary Care Services Case Management Program representatives and Jacob Axel, representing you.

Mr. Axel explained that you are attempting to develop a surgery center for the provision of interventional pain management procedures in Barrington, and that you have an interest in developing a relationship with the Lake County Health Department Community Health Center through which we would refer up to five patients a month to your practice. Mr. Axel also stated that the professional fees as well as the facility fees for procedures performed in the proposed surgery center would be waived for the duration of the patients' treatment by the members of Illinois Pain Institute.

While certain protocols would need to be established related to patient confidentiality, referral procedures, information flow, etc., it appears that such a relationship would be beneficial to our clients, particularly those seen in our Round Lake Beach health center.

It is my understanding that your surgery center is scheduled for opening in the Spring of 2013. Please keep me informed of your progress, and we look forward to formalizing our relationship next year.

Sincerely,

Jeanne Ang, MCRP
Director, Primary Care Services
