**Subject:** U.S. Renal Care Bolingbrook Dialysis Support Letters  
**Attachments:** Bolingbrook Patient Support Letters 4.pdf; Bolingbrook Patient Support Letters 5.pdf

Good Afternoon Mike,

Please find the attached PDF copies of letters written in support of the U.S. Renal Care Bolingbrook Dialysis certificate of need application, project number 11-025.

Please feel free to contact me with any questions or comments.

Thanks,  
Shawn

Re: U.S. Renal Care Bolingbrook Dialysis

Dear Mr. Galassie:

I am a patient with chronic kidney disease writing in support of the proposed U.S. Renal dialysis facility to be built in Bolingbrook, Illinois. The Bolingbrook area has seen much growth and the current local dialysis clinic cannot accommodate all patients needing this service.

Healthcare for dialysis patients needs to be of high quality and patient choice of a facility and the doctors who treat them is very important to achieving and maintaining such quality. I support the approval of a U.S. Renal location to be built in Bolingbrook.

Sincerely,

Michael E. Harris

Re: U.S. Renal Care Bolingbrook Dialysis

Dear Mr. Galassie:

I am a patient with chronic kidney disease writing in support of the US Renal Care dialysis facility to be built in Bolingbrook, Illinois. Bolingbrook currently has only one provider for in-center hemodialysis. This one facility allows patients no choice of dialysis provider unless they choose to travel 16-20 miles round trip three times weekly.

I believe that health care for dialysis patients needs to be of high quality and patient choice of a dialysis facility as well as the doctors who treat them is very important to achieving and maintaining such quality. With patient satisfaction driving practices in health care, competition can be a precursor to better quality of care.

I support the approval of a US Renal Care location in Bolingbrook, Illinois.

Sincerely,

---
