RE: Randy Morris

I am writing this letter to support approval of the *Certificate of Need* for the construction of the Naperville Fertility Center, 11 North Washington Street (aka 11 West Benton Street & 15 North Washington Street), Naperville, IL 60540 by Randy Morris, M.D.

We went through the IVF process with Randy Morris in April-May of 2010. We could not image not using this team to help us begin our family. The process is quite lengthy and very emotional. The only thing we wished for was that the actual surgery was closer. Driving to Chicago was stressful. After the egg retrieval you are in a lot of pain—you just want to go home and rest. I had to ride an hour back to Naperville and endure all the road bumps too(which made it worse). Then five days later you have to drive an hour each way and deal with traffic (and added stress)to have your future put into your body. When we plan on stating our IVF Cycle in a couple years, I would rather have a closer location.

Dr .Morris and his team made this dream amazing. I could never consider going elsewhere. You see them daily during this process. They always kept my spirits up when coming into the office. They celebrated when I found out I was expecting twins. It was sad not seeing them when my journey was completed. I thank God for Dr. Morris and all his staff for helping us achieve our dream. I always wanted to be a mother and I now am.

Thank you for considering making the future patients and families' dreams come true.

Sincerely,

Marissa Wright
