RE: Letter of Support – Proposed Replacement St. Joseph's Hospital- Project #
11-105 & #11-106

Dear Ms. Avery:

This letter serves to confirm my full support of St. Joseph's Hospital's proposed replacement facility project in Highland. For more than 133 years, St. Joseph's Hospital has been an important member of the Highland area business community – the new St. Joseph's Hospital would ensure another 133 years of being a contributor to the livelihoods of more than 200+ employees. But more importantly, the new replacement facility would ensure needed health care services are easily accessible to more than 9,500 residents for that same 133 years.

In recruiting employees to Highland, having a state of the art hospital is extremely important. We hire young, college graduates that want to set up roots in a community. It is vitally important to them, and to our business to have an accessible facility in our community.

On behalf Foppe Visual Communications, I respectfully ask the Illinois Health Facilities and Services Review Board to support Project #11-105 and #11-106.

Sincerely,

Thomas and JoAnn Foppe

Owners, Foppe Visual Communications
