RE: Permit Alteration  
Project: #11-063- Procter Hospital

Dear Mr. Zehr:

On January 13, 2012, the Chairman of the Illinois Health Facilities and Services Review Board approved the alteration for Project #11-063. The alteration increased the number of long term care beds from 15 beds to 25 beds. The other components of the project (services provided, and location) will not change as a result of this alteration.

The permit holder should also note the post-permit requirements contained in "Subpart G" of 77 IAC 1130. Adherence to the post-permit requirements is essential in maintaining a valid permit and is the responsibility of the permit holder.

Please contact me at 217-782-3516 if you should have any questions.

Sincerely,

*Courtney R. Avery*

Courtney R. Avery, Administrator  
Health Facilities and Services Review Board
