Re: Certificate of Need for the Transitional Care Management ~ Naperville Facility

Dear Members of the IHFSRB:

The Naperville Development Partnership, a public/private partnership and 501 (c) 6 organization, has been working with the leadership team at Transitional Care Management to identify a location in Naperville that would meet the needs of the operation, its residents and also complies with the city's comprehensive plan for zoning. The site at the southwest corner of Mill Street and Commons Drive in Naperville meets all of these parameters.

The TCM's first proposed site on Abriter Court was granted a Certificate of Need by the IHFSRB, but TCM was unable to secure a zoning change for the property to allow for the proposed use. Working in collaboration with the city and our organization, TCM found a site that is suitable to the use and complies with the city's Comprehensive Plan for zoning. Therefore, the Naperville Development Partnership respectfully requests your approval of the transfer of the CON from the previous Abriter Court, Naperville location to the Mill Street site.

Thank you for your consideration of this request.

Sincerely,
