HEALTH FACILITIES &  
SERVICES REVIEW BOARD

**Dear Mr. Gillespie,**

**I have been made aware that the Fresenius Medical Care Group hopes to build a new dialysis facility in North Pekin, Illinois.**

**I am currently not on dialysis; however, my day will come. My current situation is that I have a fistula and my doctor is Dr. Phillip Olson of Renal Care Assoc.**

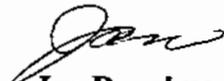

**The present dialysis facility is full. I am anxious to see a new facility built in North Pekin for reasons of personal ease. I do NOT want to drive to Peoria.**

**Fresenius has run the Pekin dialysis for years. They have proven their dedication when no one else would. No other company has demonstrated the commitment to Pekin and the Pekin area in the manner that Fresenius has.**

**Dr. Olson of Renal Care Assoc. has been loyal to me and I intend to repay his attention and care with my personal support for Fresenius. I do not stand alone in my opinion.**

**I request that you approve the Fresenius proposal.**

**Respectfully submitted,**

  
**Jan Donahue**
