SERVICES REVIEW BOARD

Re: Project 12-011

Dear Ms. Avery:

On 12/11/16 we notified you that the above project was reducing from 22 pediatric beds to 18 (see attached). In fact, the reduction will be from 22 to 20. The GSF and cost of the project is not impacted by the change.

Thank you.

Very truly yours,

  
Clare Connor Ranalli

**Re: Project # 12-011**

Dear Courtney:

Part of the above-reference modernization project included modernization of the Rush University Medical Center Kellogg Building to include a pediatric unit totaling 22 beds in 22 rooms. RUMC has decided to reduce the number of pediatric rooms/beds to 18. The total GSF for the unit will not change, although four of the 18 rooms will be larger than the other 14. The cost will not change. However, since this reduces the number of beds from 22 to 18, we wanted to notify you. We are hopeful this would not require an alteration, since the action could be taken after project approval with only notice to the Board.

We thank you for your consideration, and should you have any questions, concerns, please contact me, or Clare Ranalli at 312-984-3365.

Very truly yours,

  
Anne M. Murphy
