Re: Request for Public Hearing
U.S. Renal Care Villa Park Dialysis
Project No. 12-026

Dear Chairman Galassic,

The Illinois Health Facilities and Services Review Board ("Board") has published a Notice for Opportunity for Public Hearing relating to the certificate of need permit application for the U.S. Renal Care Villa Park Dialysis facility (the "Application").

As Village President of Villa Park, I am writing in support of the U.S. Renal Care Application to establish a 13 station dialysis facility in Villa Park, Illinois and request that the Board conduct a public hearing for this Application. U.S. Renal Care is known for providing high quality of care for patients with chronic and acute renal disease. U.S. Renal Care also provides patients with a choice of a full range of quality care, including in-center or at-home hemodialysis and peritoneal dialysis services.

I believe that this project is essential to meet the needs of the Villa Park community and request that the Board conduct a public hearing to consider this Application.

Respectfully,

Tom Cullerton
Village President, Villa Park
