Re: U.S. Renal Care Villa Park Dialysis
Project No. 12-026

Dear Chairman Galassie,

The Illinois Health Facilities and Services Review Board ("Board") has published a Notice for Opportunity for Public Hearing relating to the certificate of need permit application for the U.S. Renal Care Villa Park Dialysis facility (the "Application").

I am writing in support of the U.S. Renal Care Application to establish a 13 station dialysis facility in Villa Park, Illinois. U.S. Renal Care is known for providing high quality of care for patients with chronic and acute renal disease. U.S. Renal Care also provides patients with a choice of a full range of quality care, including in-center or at-home hemodialysis and peritoneal dialysis services.

It is anticipated that the volume of patients requiring dialysis services will continue to increase and I would like to ensure that there are adequate resources available to meet the needs of the patients in the Addison and Villa Park communities.

As such, I strongly support this project and ask the Board approve this Application.

Respectfully,

A handwritten signature in black ink that reads "Franco".
