Re: Permit #12-027 – Good Samaritan Pontiac

Dear Mr. Hiatt:

On December 17, 2013 you appeared before the State Board and testified that the applicants for Permit #12-027 were reducing the number of approved beds from 122 to 90 beds. To date we have not received any information on this alteration. There has been sufficient time for the alteration to be prepared and submitted to us. From the annual progress report dated August 19, 2014; it appears that you are proceeding with a project that has been altered without the approval of the State Board. That is a violation of the Illinois Health Facilities Planning Act. I have discussed this matter with IDPH's Design Standard unit and until an alteration is approved by the State Board construction on the facility will not be approved.

Should you have any questions or concerns please call 217.782.3516 or contact Mike Constantino or George Roate by email at [Mike.Constantino@Illinois.gov](mailto:Mike.Constantino@Illinois.gov) or [George.Roate@illinois.gov](mailto:George.Roate@illinois.gov).

Sincerely,
