HEALTH FACILITIES &
SERVICES REVIEW BOARD

September 6, 2012

Chairman Dale Galassie
IL Health Facilities and Services Review Board
525 West Jefferson Street, 2nd Floor
Springfield, IL 62761

Dear Chairman Galassie:

RE: The Healthcare Center at Monarch Landing, Project Number 12-036

My husband and I moved to Monarch Landing on July 31, 2006. We were the first residents here. We moved before it became apparent that we needed more care. We chose Monarch Landing because of the promise that we would be cared for the rest of our lives. Both of us had our parents in skilled nursing care and we had an idea of what we would like for our care. We looked for a place where we could feel comfortable, have good care, and our children did not have to worry about us. Monarch Landing's plan seemed to fit all that we wanted, and the promise of a skilled nursing facility gave us confidence that we would have the care we needed as we got older.

Our community is growing and a skilled nursing facility is needed more every day. We need to have the security that we will have a place to go when we need it, and our spouse will be close enough to visit and have peace of mind.

My husband passed away recently, and I have support here to see that I will be comfortable, well cared for, and would like to feel that when I need skilled nursing – it will be here for me and I will have the best care here at Monarch Landing where I will be with people I know, not strangers.

Sincerely,

Janet Garland

Re; The Health Center at Monarch Landing Project Number 12-036

When we moved to Monarch Landing, we did so because we were assured there would be Skilled Nursing Services. My father had a stroke when my parents were my age. My Mother couldn't drive, so she had to rely on others to drive her to see my Dad. This was an impossible situation, one I did not want to go through. My wife and I are both in our 70's and will not be able to drive much longer, especially in the Winter. It is important that if one of us requires skilled nursing services, it be here where we can be together and not separated by miles, out of reach. This is our home, we hope for the rest of our lives. But if this service is not allowed, we, and I fear, many of our neighbors would be forced to leave Monarch Landing and this would ultimately lead to it's demise. Please allow Monarch Landing to supply these needed services.
