HEALTH FACILITIES &
SERVICES REVIEW BOARD

Re: The Health Care Center at Monarch Landing, Project 12-036

September 25, 2012

Dear Mr. Galassie,

I am a four year resident of Monarch landing in Naperville IL. I would like to encourage the building and operation of the Health Center on our campus. When I moved in I understood that the full continuum of care it would be available in a few years. Now, four years later, it has not been started.

At my age it would be difficult to move to another location without friends and family nearby. Having loved ones nearby would have a positive impact on my well-being.

Please reconsider and approve the Certificate of Need for the Monarch Landing Health Center.

Thank you.

Sincerely,

Jane B. Johnson

Re: The Healthcare Center at Monarch Landing Project No. 12-036

Dear Chairman Galassie,

We are among the 403 happy residents at Monarch Landing. We love the people and our residence at Monarch Landing and we participate in the many activities and patronize many businesses in our area.

The Healthcare Center will provide over 100 good paying jobs and will give us the health care we were promised when we purchased our residence. We consider our residents to be very good citizens and a asset to this community.

We are asking for your support in approving our Healthcare Center. Thank you very kindly for your consideration of our request.

Sincerely,

Robert B. Zahn

Barbara Y. Zahn

HEALTH FACILITIES &
SERVICE REVIEW BOARD

We are residents of Monarch Landing.
Have enjoyed living here for over 4 years.
I am 88, in good health. My husband
is 92, with health problems.

One of the reasons we chose Monarch
Landing was their continuing health care.
It appears we are closer to needing that
care.

I "beg" you - Please approve our request
for the Health Care Center.
