Charlotte Chapple
Associates in Nephrology
210 South Desplaines Street
Chicago, IL 60661

Dear Ms. Chapple:

Per a request from the Illinois Health Facilities and Services Review Board and also generally, I am writing to inform the physicians at Associates in Nephrology that it is Fresenius Medical Care's policy to accept all patients regardless of their ability to pay for services. This policy is in effect at the West Belmont facility as well as all Fresenius facilities in Illinois. Also, as you know, Fresenius Medical Care's Medical Staff Bylaws, which pertain to all staff including Medical Directors and referring physicians, state that all physicians must agree to treat every patient regardless of their ability to pay.

There is no need to respond to this notice as it is informational only. We appreciate the continued work of the AIN physicians in delivering quality care to dialysis patients.

Sincerely,
