RE: Project Completion Report
Rehab & Care Center of Jackson County, Project #12-050

Dear Ms. Avery:

Pursuant to Section 1130.770, project completion, finalized costs and cost overruns, we hereby submit the notification of project completion and final costs on the above referenced project. It should be noted that the last resident was discharged from the Rehab & Care Center of Jackson County on October 22, 2014.

Section 1130.770 Project Completion, Final Realized Costs and Cost Overruns

- b) For projects with no cost, the permit holder shall submit a written notice to HFSRB of the project's conclusion (e.g. initiation of a new service, discontinuation, certification of additional dialysis stations).

As provided under separate cover (received by HRSRB October 6, 2014), notice of project completion for Project Number 12-049 was provided. At that time the transfer of residents from the subject facility to its replacement was underway and is now complete.

The subject project, for discontinuation, was a zero cost project, as such, no capital costs were expended as part of this project.

It is expressly understood that the utilization for calendar year 2014 will need to be provided, under separate cover, to the State even after this report is submitted. Should you have any questions or concerns, please do not hesitate to contact me.

Sincerely yours,

John S. Rendleman
Jackson County Board Chairman
