RE: Permit Alteration: Project #12-065; Permit Holder: Advocate Illinois Masonic
Medical Center

Dear Ms. Reece:

On April 4, 2014, the Illinois Health Facilities and Services Review Board (State Board) approved the alteration requested for the above-captioned project. The alteration approved was for the following:

The permit holders are proposing to increase various clinical areas from 59,229 to 59,513 GSF and an increase in non-clinical areas from 84,862 to 90,953 GSF. The Permit amount has not changed.

The permit holder is reminded that for the final realized cost report, any amount that exceeds the altered permit amount will be considered a cost overrun without a permit.

The permit holder should note the post-permit requirements contained in "Subpart G" of 77 IAC 1130. Adherence to the post-permit requirements is essential in maintaining a valid permit and is the responsibility of the permit holder.

Should you have any questions please contact my Mike Constantino of George Roate at (217) 782-3516 should you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Courtney Avery".
