RE: Project Obligation – IHFSRB Project #12-080, Memorial Medical Center
Permit Holders – Memorial Health System

Dear Ms: Avery:

This letter is submitted in compliance with State Board Rule 1130.720 which requires that a CON permit holder obligate a project prior to the expiration date of the permit.

Memorial Health System was granted CON permit #12-080 on December 10, 2012 to construct a vertical expansion on top of an existing building containing all-private, replacement Medical/Surgical beds and modernize the hospital's main surgical departments located at 701 North First Street in Springfield, Illinois. The permit amount is \$122,357,501.

The Board of Directors of Memorial Health System have committed the financial resources to fund this project, and the project was obligated on April 10, 2013. The project's cost, scope, design and square footage are in compliance with that which the Illinois Health Facilities and Services Review Board has approved.

If you require any additional information, please contact me at 217-788-3529 or johnson.mitch@mhsil.com.

Sincerely,

A handwritten signature in black ink that reads "Mitchell L. Johnson".

Mitchell L. Johnson
Senior Vice President and Chief Strategy Officer
Memorial Health System
