RE: Project # 12-081, In Support of Vista Medical Center - Lindenhurst

Dear Ms. Avery:

My name is Dr. Gerald Frank. I have been practicing geriatrics and Internal Medicine in the Lake County area for over 41 years. I am currently on the active staff of the following area hospitals: Vista in Waukegan, advocate Condell in Libertyville, Northwestern Lake forest in Lake Forest, and Northshore Highland Park in Highland Park. I am an associate professor at the Rosalyn Franklin Medical school and I am a member of the executive committee of the Lake County Medical Society. I cite these affiliations only to indicate that I have a deep and abiding interest in the well-being of my patients, all patients, and the delivery of medical care in Lake County and that I have a broad view of county needs.

With that, I am writing to indicate that I support and endorse, without reservation, the application of the Vista Health System Lindenhurst hospital project because in my opinion it will serve a critical and currently unmet need in Northwestern and North Central Lake County.

We live in a world where time to treatment is a critical factor in determining the outcome of patient acute illness. When this hospital is built, it will have the capacity to provide rapid and comprehensive medical care to northwest Lake County patients. In my opinion, demographics, population expansion, and the advances in medicine have enhanced the need for this hospital even more than when the idea was first proposed more than ten years ago.

Patient care is greatly advantaged when patients are able to receive their care locally in the community. When this hospital is built, a medical center will quickly establish in the area as it has already begun with the Vista's Lindenhurst center. The community realizes that and is highly supportive of the endeavor.

The review board has the opportunity to have a strongly positive impact on the medical care for this heretofore underserved community. The time is now and I am very hopeful that you will approve this proposal for a new hospital in Lindenhurst.

Sincerely,

A handwritten signature in cursive script that reads "Gerald A. Frank MD". The signature is written in dark ink and is positioned above the typed name.

Gerald Frank, MD

Village of Antioch, Illinois

RESOLUTION 12-97

**A RESOLUTION SUPPORTING THE APPROVAL OF NEW
MEDICAL FACILITIES IN NORTHWEST LAKE COUNTY**

WHEREAS, access to quality, affordable health care is essential to Antioch residents and other area communities; and

WHEREAS, businesses that expand bring continued economic growth to the Antioch area and throughout all of western and northwestern Lake County; and

WHEREAS, Lake County has an unbalanced distribution of patient beds and many residents in western and northwestern Lake County have to travel dangerously long distances for hospital services; and

WHEREAS, the Antioch Village Board finds that establishment of new hospital facilities and patient beds equipped with modern medical equipment and office buildings would greatly improve the accessibility of health care services to people within the Village of Antioch as well as the northwest and western areas of Lake County generally; and

WHEREAS, the Antioch Village Board further finds that new hospital facilities and related medical offices will help fill a critical need within the area and will be well-received by the people of this area;

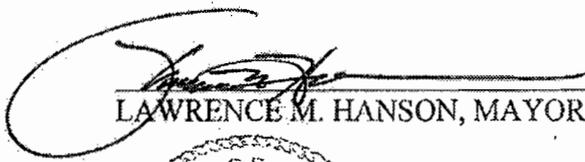

NOW THEREFORE, BE IT RESOLVED by the Village of Antioch, Lake County, Illinois, as follows:

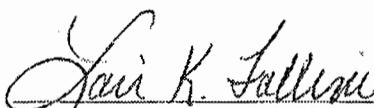

SECTION ONE: the Village Board of Antioch, Illinois enthusiastically supports and encourages the Illinois Health Facilities and Services Review Board to authorize and approve the construction of a new hospital and related medical facilities in northwestern Lake County, Illinois at its February 2013 meeting.

SECTION TWO: This resolution shall take effect immediately upon passage.

PASSED BY THE BOARD OF TRUSTEES OF THE VILLAGE OF ANTIOCH, ILLINOIS,
ON THIS 17 DAY OF DECEMBER, 2012.

ATTEST:

LAWRENCE M. HANSON, MAYOR

LORI K. FOLBRICK, VILLAGE CLERK
