Mr. Dale Galassie, Chairman
Illinois Health Facilities and Services Review Board
525 West Jefferson St., 2nd Floor
Springfield, IL 62761

Re: #12-095, Fresenius Medical Care Waterloo

Dear Chairman Galassie:

The reason I am writing is to ask you to approve the proposed Fresenius Medical Care dialysis facility in Waterloo.

My mother resides in Waterloo and because of failing kidneys needs three-hour dialysis treatments three times a week. Due to the stress dialysis has on her physically she is unable to drive to the facility located in South County. My siblings and I share in the responsibility of transporting her for this life-sustaining treatment.

The establishment of a facility in Waterloo would greatly improve the quality of her life as well as that of her family and countless others in the same situation who reside in Monroe County.

Your approval of this facility would be greatly appreciated.

Sincerely,

Chris Eggemeyer
