Re: Markham Renal Center (Proj. No. 12-097)

Dear Mike:

As you know, on March 26, 2013, the Illinois Health Facilities and Services Review Board ("Board") approved DaVita's Certificate of Need permit application to relocate Markham Renal Center. The new Markham Renal Center facility will be just outside of Markham in the suburb of Country Club Hills.

The Board's rules allow for certain alterations to a project for which a permit has been issued. As set forth in *Admin. Code 1130.750: Alteration of a Project for which a Permit Has Been Issued*, I am writing to request a name change to Markham Renal Center. This request is an allowable alteration. As shown in Attachment - 1, Markham Renal Center is to be renamed Country Hills Dialysis. This alteration does not require any action by the Board. In addition, there are no changes to the project costs associated with this change.

Thank you for your assistance in this matter and please contact me if you have any questions.

Sincerely,

Timothy V. Tincknell

Encs.
