RE: Monmouth Project

Dear Mr. Galassie:

My name is Ronald Brough and I am a dialysis patient in Galesburg. I am writing this letter to convey my support for the proposed Fresenius Medical Care Monmouth dialysis clinic. This facility would greatly benefit our community not only by providing quality care to the patients, but also will create employment opportunities for the area residents.

I currently have to be transported from Monmouth to Galesburg which is a distance of 18 miles. This is particularly troublesome in the winter like this week when we had a huge snow storm.

I respectfully ask the Board to vote favorably for this much needed facility.

Sincerely,

Ronald C Brough
