Springfield, IL 62761
Re: Project #12-100**

Dear Ms. Avery:

As a resident of the Lakeview neighborhood in Chicago, I fully support Presence Saint Joseph Hospital in their effort to construct a new outpatient facility on their campus. I believe the proposed outpatient building will give Presence Saint Joseph Hospital the opportunity to deliver the highest quality healthcare to our community.

Many of Lakeview's residents rely on Presence Saint Joseph Hospital for care, especially many of our residents without access to health insurance who turn to Saint Joseph Hospital's Labouré Outpatient Center for their family's health care needs.

Our community needs this institution to remain strong. Presence Saint Joseph Hospital's investment into this state of the art medical facility will ensure that they remain competitive and continue their service to our community for years to come.

I encourage the Illinois Health Facilities and Services Review Board to approve this project. This facility will help Presence Saint Joseph Hospital continue its mission of providing advanced, compassionate and quality care for our community and all of Chicago.

Sincerely,

Krystan Lordahl
