SERVICES REVIEW BOARD**

Dear Mr. Constantino

I am writing about project #13-005.

I feel we need SIH Cancer Center here in Southern Illinois. I now have 2 close friends fighting Cancer and they travel to St. Louis to get treatments. With the high cost of fuel and travel time that it takes to get there its now only a burden to them but family and friends that need to be with them at this time in there life. I am asking for your support for this project.

I had breast cancer in Feb. 2010 and My husband had colon cancer the same year. We still have to be tested every 3 months. So I can feel for my friends and there family as they are now going throught this.

Please support this project.

Thank You,
Kathy Sikora
