Re : Support for Advocate-Good Shepherd CON #13 - 016

Dear Mr. Constantino:

I lend my overwhelming support for the Good Shepherd Hospital project for a modernized facility, # 13-016.

As a community member, I am very proud of Good Shepherd. Its mission of excellent care has served our community for decades. This facility project is vital to our community.

Please share my support of this project and approve this application for a certificate of need permit.

Re: Support for Good Shepherd CON Project #13 - 016

Dear Chairman Gallasie,

I support the facility improvement project proposed by Good Shepherd Hospital. Good Shepherd provides excellent patient care and is an award-winning hospital. Good Shepherd is recognized in the community as an asset and an excellent provider of high-quality care.

The hospital has demonstrated a commitment to meet the needs its patients and community. The project has many so benefits for our community – private rooms, updated facilities, expanded surgery and a new chronic care clinic.

Good Shepherd is an invaluable asset in the community. The proposed modernization project is key to enabling the hospital to continue the high-level of quality care.

I urge the Board to approve this important project..

Sincerely yours,

Emily Koch

Dear Chair Galassie:

I was delighted to learn about the modernization project at Good Shepherd Hospital and want to write to convey my support. Technology and medical equipment has transformed over the years since Good Shepherd was built. The patients that Good Shepherd serves need access to updated facilities and resources.

I respectfully ask the board to approve this project.

Ms. Courtney Avery:

Good Shepherd Hospital represents what is great about health care: high tech and high touch. Unfortunately this facility needs some updating and that is exactly what they are planning to do with project #13-016. The hospital was state-of-the-art when it was designed and built in the 1970s but it has since fallen behind the times. For example, many of the patient rooms within the hospital have two or more beds in them. That's not up to 21<sup>st</sup> Century hospital standards. Project #13-016 will correct this and also allow for new technologies to be implemented that can't be implemented now because of the aging infrastructure. If this hospital can provide amazing patient care in an aging physical plant, imagine what they can do with an up-to-date infrastructure.

Thank you for your support,

Advocate Good Shepherd recently applied for a big improvement in their campus (project #13-016). I'm in full support of this project and think it will make a big impact to the patients who seek care at this hospital. A big part of this project will make all the beds at Good Shepherd private beds so patients won't have a roommate. The project will also include some of the most up-to-date technology available in healthcare today. The community deserves the latest technology, and your vote of "yes" will make sure that happens. Thank you.

Dear Mr. Galassie,

I support and endorse the Advocate - Good Shepherd modernization project # 13-016. I recommend that the Board to approve this important project.

The project is key to enabling the hospital to continue its wonderful care and service. Among the many benefits provided through this project are the updated physical therapy and chemotherapy areas. The physical therapy facilities need space for inpatient rehabilitation. Patients are receiving rehab in the hall due to lack of space. Also the facilities for chemotherapy patients need to be modernized to provide quiet, calm and privacy.

Please approve this project for Good Shepherd and the patients it serves.

Dear Ms. Avery:

I am writing this letter to show my support of Good Shepherd Project # 13-016. This project is important for my family and community. The project will help patients find their way and improve the physical environment. For example, the hospital can not install new equipment and the rooms are too small.

I am excited about this project. The hospital was built several decades ago and is due for an updating. There have been many changes in health care and the facilities at Good Shepherd need to be updated to continue to provide excellent care to my family and to the community.

Please approve this project so that our community hospital can continue to provide high quality care in update to date facilities.

Dear Ms. Avery:

I reside near Good Shepherd hospital and am pleased to take this opportunity to support the facility modernization project. Good Shepherd is recognized in the community as an excellent health care provider. This project will provide Good Shepherd with the facilities to continue this high level of excellence.

I am particularly pleased that the project will include private rooms. I am so concerned about the spread of disease when sharing a room with another patient. The project also includes more intensive care beds which are needed for our community.

Please accept this letter of support.

Ms. Avery,

Advocate Good Shepherd Hospital is a great health care institution. The project that they have submitted to you (project #13-016). Some of the great things about this project include: one area for radiology, adding operating rooms, adding critical care beds and making sure that all of the inpatient rooms in the hospital are single occupancy. Back when the hospital was built having a roommate wasn't too unusual. Now the standard is one patient per room. This is a thoughtful use of dollars and I hope that you will see things they way I do.

*Regarding: Support for Advocate Good Shepherd CON Project #13 - 016*

Dear Ms. Avery,

Thank you for the opportunity to express my support for the Advocate Good Shepherd project # 13-016.

This project is very important to my family and our community. We depend on Good Shepherd and support its plans for a modernized facility. Advocate provides excellent care, and this project will support the continued provision of wonderful care.

Yours truly,

Regarding: Support for Advocate Good Shepherd CON Project #13 - 016

Dear Ms. Avery:

I give my overwhelming support for the Advocate Good Shepherd Hospital CON application # 13-016 for a modernized facility

The community served by Good Shepherd has grown and is aging over the last three decades, since the hospital was constructed.

I urge you to approve this critical project.

Yours truly,

Re: Support for Good Shepherd Project #13-016

Dear Mr. Constantino:

I am supporting the modernization project for Good Shepherd - Project # 13-016. This project is very much needed to update the facilities at Good Shepherd.

The community served by Good Shepherd has grown and aged over the last 30 years since the hospital was built. I am excited that the project will provide all private rooms. I also understand that the waiting area for surgery will be improved.

I ask the Board to approve this application which will provide modernized facilities for Good Shepherd, its patients, and the community it serves.

Sincerely,
