Re: Intent to Deny – Deemed withdrawal of application per Board Rules
Project No. 13-040 - Fresenius Medical Care Lemont

Dear Ms. Avery,

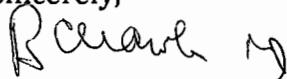

On December 17, 2013, the Board issued its Intent-to-Deny to the above referenced application for permit.

In order to appeal this decision, the Applicant is required to ensure that the Board is in **receipt** of its written response within **14 calendar days** of the date of the HFSRB meeting at which the Intent to Deny was issued; otherwise the Application is considered to be withdrawn (77 IAC 1130.670 (a), (b), (c), and (d) effective June 1, 2013). The Board no longer accepts email or fax communication.

For this Application, **December 31, 2013 would have been the deadline for receipt** by the Board of a written request for reconsideration. The Applicant has apparently failed to comply with this requirement per the HFSRB web site; rather the only correspondence listed from the Applicant appears to be a Request for Deferral from the January 28 agenda; this was ostensibly dated January 3, but was received by the Board on January 10.

The Applicant has apparently failed to comply with the rules for reconsideration. I would therefore urge the Board to consider this Application as withdrawn.

Sincerely,

Bhuvan Chawla, M.D.
