RE: AegeanMed Healthcare, LLC  
Project Number: 13-048

Dear Mr. Constantino:

I am writing this letter in support of the proposed AegeanMed Healthcare application to construct and operate a 110-bed transitional skilled nursing facility in Lockport, Illinois.

As the Director of Will-Grundy Medical Clinic, I am familiar with the growing population in this area and the corresponding need to ensure quality health care for a growing population of residents, including those who do not have insurance.

Being able to admit some of our indigent patients to skilled nursing facilities has been a great challenge. We are confident that AegeanMed Transitional Care Center of Lockport will provide a valuable service to the community members of the area.

Dr. Peter Roumeliotis has volunteered and seen hundreds of patients for us over the past 20 years without any compensation. He has been a huge supporter, both professionally and financially, of our free medical clinic for patients since 1994. I have no doubt that Dr. Roumeliotis' endeavor will have a great positive impact on the community and I fully support the proposed facility.

Sincerely,

Shawn West, MBA

  
Executive Director  
Will-Grundy Medical Clinic
