RE: Massac County Surgery Center Project 13-052

Dear Ms. Avery:

Please accept this letter in support of the plans to develop a surgery center in Metropolis, Illinois. We believe that it is important that everything possible be done to bring additional health care resources to far southern Illinois. Traditionally, Massac County residents have needed to leave the area--often leaving Illinois--for necessary medical and surgical procedures, due to both the absence of certain medical and surgical specialists in the County, as well as the absence of required facilities.

The proposed surgery center will not only provide an appropriate physical setting for outpatient orthopedic and podiatric procedures, but will result in a presence within Massac County of orthopedic and podiatric surgeons.

Sincerely,

Jayson Farmer
