REFERENCE: ALEXIAN BROTHERS MEDICAL CENTER PROJECT 13-062

Dear Ms Avery:

I am writing in support of a project that I believe will help Alexian Brothers Health System serve more mental health patients in the Northwest Suburbs. Alexian Brothers Behavioral Health hospital offers our community excellent psychiatric services, and is the leading provider of psychiatric services in this region; however, they are often unable to take admissions due to high utilization.

To provide more services, Alexian Brothers Medical Center will open a psychiatric unit managed by Alexian Brothers Behavioral Health Hospital.

This plan will address the need for more high quality psychiatric programs without having the expense of building for additional beds. This common sense approach saves time, money while providing the clinical expertise of a world class psychiatric facility.

Sincerely,

Martin Moylan
