Randall Roberts  
Compliance Officer  
Maryville Academy,  
1150 North River Road  
Des Plaines, Illinois 60016

Dear Mr. Roberts,

I am writing this letter in response to the intent to close Maryville Behavioral Health's Hospital in June 15, 2014. As stated in Maryville's letter, Maryville will close 125 licensed acute mental illness beds and has inquired as to whether Streamwood Behavioral Healthcare System (SBHS) has the capacity to accommodate a portion or all of the population that Maryville currently serves upon closure. SBHS does have the capacity, upon the closure of Maryville, to treat the patient population of Maryville. SBHS has been providing mental health treatment to the Chicagoland community and the state of Illinois since 1991. We are dedicated to offering services that provide HOPE and meet the ever changing emotional and behavioral healthcare needs of children, adolescents, young adults and their families.

We have the unique designation of being the first free-standing child, adolescent and young adult behavioral healthcare facility in the state of Illinois. We currently have 162 licensed child and adolescent beds. Our sole focus on child, adolescent and young adult mental health care allows us to provide full continuum of care, including: Inpatient Stabilization, Partial Hospitalization Day Treatment, Outpatient Assessment and Treatment, Therapeutic Day School.

We are currently in the position to accommodate the patients at our facility subject to our admission criteria. We are available to you as you wind down your operations to coordinate patient transfers and transition of care.

Thank you.

Sincerely,

A handwritten signature in cursive script that reads 'Ronald J. Weglarz'.

Ronald J. Weglarz, Psy.D.
