Dear Dr. Novak,

On behalf of the entire Roseland Community Hospital family, please let me pass along a message of support to Maryville Academy as you go through the process of discontinuing services at the Maryville Behavioral Health Hospital.

Your organization has served, heroically, for well over a century and I personally thank all of the professionals who have provided service to challenged children over those many decades.

Roseland Community Hospital stands ready to accept children in need of behavioral health services in a modern, in-patient setting. The RCH Adolescent Behavioral Health Unit offers 24 beds and is committed to improving the mental health of children 13 to 17 and their families living in the Greater Chicagoland area.

Please let me know how I can assist you and Maryville Academy and if there are members of your team, especially Board Certified Psychiatrists, who would like to discuss possible positions with our ABHU.

Good luck,

Tim Egan  
President & CEO
