Dear Ms. Avery:

I'm writing on behalf of Calvary Church in Orland Park, IL. Calvary Church enjoys a rich history of over 125 years of worship and service. As the church continued to grow, and members began to move further away from the city to the suburbs, the church began to look for a new location. As a result, Calvary Church relocated to Orland Park and has been involved with the Orland Park community for over 39 years. We have been blessed to serve our community through various Bible studies, Vacation Bible School, local mission projects, support and recovery groups and special events.

On behalf of Calvary Church, I would like to formally express my support for the University of Chicago Medicine's application to build an ambulatory outpatient facility in Orland Park. I'm confident this proposed facility will be a tremendous asset to the community.

This facility will have a wonderful impact on our congregation and surrounding community with many opportunities for mission service, job creation for Orland Park and surrounding areas, healthcare service for senior citizens and general care/wellness for the community.

It is with great pleasure that Calvary Church supports the University of Chicago Medicine's application. Thank you for your time and consideration.

Sincerely,

Rev. Ron Citlau, Lead Pastor
