Re: Notice of Obligation - Winchester Endoscopy Center Proj. No. 14-025

Dear Mr. Constantino:

Pursuant to Section 1130.720 of the Illinois Health Facilities and Services Review Board (the "State Board") rules, I am writing on behalf of Winchester Endoscopy, LLC. (the "Permit Holder") to notify the State Board of the obligation of Winchester Endoscopy Center (Proj. No. 14-025). On March 10, 2015, the State Board approved the Permit Holder's certificate of need application to establish a single specialty ambulatory surgical treatment center with two procedure rooms (the "Project"). The Project's permit letter indicated that the Project must be obligated by August 31, 2016. In compliance with the Project permit, the Project was obligated on October 7, 2015 through execution of the real estate lease between the Permit Holder and Winchester Medical Building, Ltd. for Winchester Endoscopy Center. For your information, the construction related to the Project is also underway.

If you need any additional information or have any questions regarding the status of the Project, please feel free to contact me.

Sincerely,

Anne M. Cooper
