Permit Approval: 10/07/14
Completion Date: 03/31/16

Dear Ms. Avery:

I represent the above permit holder and am providing its required annual report. Approximately 90% of project funds have been expended, or committed through execution of a lease for the ASC space signed in October of 2014, with rent commencement as of September 2015. The project is within the approved permit amount and there have been no scope changes. The project is close to complete and the permit holder anticipates IDPH will be notified in November, 2015 that the ASC is ready for survey for certification of occupancy. Once that process is complete, we will notify you of project completion and thereafter submit the required final cost report.

Thank you.

Very truly yours,

Clare Connor Ranalli
