**DESCRIPTION OF PROJECT**

**1. Project Classification**

[Check those applicable - refer to Part 1110.40 and Part 1120.20(b)]

Part 1110 Classification:

Substantive

Non-substantive

## 2. Narrative Description

Provide in the space below, a brief narrative description of the project. Explain **WHAT** is to be done in **State Board defined terms**, **NOT WHY** it is being done. If the project site does NOT have a street address, include a legal description of the site. Include the rationale regarding the project's classification as substantive or non-substantive.

This project proposes to discontinue the General Long-Term Nursing Care Category of Service at Memorial Medical Center - Woodstock d/b/a Centegra Specialty Hospital – Woodstock, South Street (Centegra Specialty Hospital).

This category of service has 40 authorized beds, 30 of which are operated as a Skilled Nursing Unit that is managed by Hearthstone Communities pursuant to a management agreement and 10 of which are leased to Hospice of Northeastern Illinois (Journey Care) for their operation of a residential hospice in the space.

Centegra Specialty Hospital was built in 1914 and has operated only the General Long-Term Nursing Care Category of Service and the Acute Mental Illness (AMI) Category of Service for the last 20 years. Prior to that, the facility operated acute care services that were relocated to Centegra Hospital-Woodstock, Doty Road when that hospital was constructed and became licensed.

Both Centegra Specialty Hospital and Centegra Hospital – Woodstock are owned and operated by Centegra Health System.

It should be noted that CON permits were approved on April 22, 2014 for the discontinuation of the AMI Category of Service at Centegra Specialty Hospital (Project No. 14-003) and relocation of that service to Centegra Hospital – Woodstock, Doty Road (Project No. 14-004.) The relocation of the AMI Category of Service is anticipated to occur by June 30, 2015.

This CON application is being submitted at the same time as a CON to discontinue Centegra Specialty Hospital as a licensed general hospital because the discontinuation of the General Long-Term Nursing Care service will result in the facility having no inpatient hospital services.

This project is "Substantive" in accordance with the Illinois Health Facilities Planning Act (20 ILCS 3960/12(8)(b)(2)) because it proposes to discontinue a category of service.

There are no capital costs associated with this project.

This category of service will be discontinued no later than December 31, 2014.

**Project Costs and Sources of Funds**

Complete the following table listing all costs (refer to Part 1120.110) associated with the project. When a project or any component of a project is to be accomplished by lease, donation, gift, or other means, the fair market or dollar value (refer to Part 1130.140) of the component must be included in the estimated project cost. If the project contains non-reviewable components that are not related to the provision of health care, complete the second column of the table below. Note, the use and sources of funds must equal.

**SECTION II. DISCONTINUATION**

This Section is applicable to any project that involves discontinuation of a health care facility or a category of service. **NOTE:** If the project is solely for discontinuation and if there is no project cost, the remaining Sections of the application are not applicable.

**Criterion 1110.130 - Discontinuation**

READ THE REVIEW CRITERION and provide the following information:

**GENERAL INFORMATION REQUIREMENTS**

1. Identify the categories of service and the number of beds, if any that is to be discontinued.
2. Identify all of the other clinical services that are to be discontinued.
3. Provide the anticipated date of discontinuation for each identified service or for the entire facility.
4. Provide the anticipated use of the physical plant and equipment after the discontinuation occurs.
5. Provide the anticipated disposition and location of all medical records pertaining to the services being discontinued, and the length of time the records will be maintained.
6. For applications involving the discontinuation of an entire facility, certification by an authorized representative that all questionnaires and data required by HFSRB or DPH (e.g., annual questionnaires, capital expenditures surveys, etc.) will be provided through the date of discontinuation, and that the required information will be submitted no later than 60 days following the date of discontinuation.

**REASONS FOR DISCONTINUATION**

The applicant shall state the reasons for discontinuation and provide data that verifies the need for the proposed action. See criterion 1110.130(b) for examples.

**IMPACT ON ACCESS**

1. Document that the discontinuation of each service or of the entire facility will not have an adverse effect upon access to care for residents of the facility's market area.
2. Document that a written request for an impact statement was received by all existing or approved health care facilities (that provide the same services as those being discontinued) located within 45 minutes travel time of the applicant facility.
3. Provide copies of impact statements received from other resources or health care facilities located within 45 minutes travel time, that indicate the extent to which the applicant's workload will be absorbed without conditions, limitations or discrimination.

APPEND DOCUMENTATION AS ATTACHMENT-10, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

**D. Projected Operating Costs**

The applicant shall provide the projected direct annual operating costs (in current dollars per equivalent patient day or unit of service) for the first full fiscal year at target utilization but no more than two years following project completion. Direct cost means the fully allocated costs of salaries, benefits and supplies for the service.

**E. Total Effect of the Project on Capital Costs**

The applicant shall provide the total projected annual capital costs (in current dollars per equivalent patient day) for the first full fiscal year at target utilization but no more than two years following project completion.

**APPEND DOCUMENTATION AS ATTACHMENT -39, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.**

**XI. Safety Net Impact Statement**

**SAFETY NET IMPACT STATEMENT that describes all of the following must be submitted for ALL SUBSTANTIVE AND DISCONTINUATION PROJECTS:**

1. The project's material impact, if any, on essential safety net services in the community, to the extent that it is feasible for an applicant to have such knowledge.
2. The project's impact on the ability of another provider or health care system to cross-subsidize safety net services, if reasonably known to the applicant.
3. How the discontinuation of a facility or service might impact the remaining safety net providers in a given community, if reasonably known by the applicant.

**Safety Net Impact Statements shall also include all of the following:**

1. For the 3 fiscal years prior to the application, a certification describing the amount of charity care provided by the applicant. The amount calculated by hospital applicants shall be in accordance with the reporting requirements for charity care reporting in the Illinois Community Benefits Act. Non-hospital applicants shall report charity care, at cost, in accordance with an appropriate methodology specified by the Board.
2. For the 3 fiscal years prior to the application, a certification of the amount of care provided to Medicaid patients. Hospital and non-hospital applicants shall provide Medicaid information in a manner consistent with the information reported each year to the Illinois Department of Public Health regarding "Inpatients and Outpatients Served by Payor Source" and "Inpatient and Outpatient Net Revenue by Payor Source" as required by the Board under Section 13 of this Act and published in the Annual Hospital Profile.
3. Any information the applicant believes is directly relevant to safety net services, including information regarding teaching, research, and any other service.

**A table in the following format must be provided as part of Attachment 43.**

Safety Net Information per PA 96-0031

APPEND DOCUMENTATION AS ATTACHMENT-40, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

**XII. Charity Care Information**

Charity Care information **MUST** be furnished for **ALL** projects.

1. All applicants and co-applicants shall indicate the amount of charity care for the latest three **audited** fiscal years, the cost of charity care and the ratio of that charity care cost to net patient revenue.
2. If the applicant owns or operates one or more facilities, the reporting shall be for each individual facility located in Illinois. If charity care costs are reported on a consolidated basis, the applicant shall provide documentation as to the cost of charity care; the ratio of that charity care to the net patient revenue for the consolidated financial statement; the allocation of charity care costs; and the ratio of charity care cost to net patient revenue for the facility under review.
3. If the applicant is not an existing facility, it shall submit the facility's projected patient mix by payer source, anticipated charity care expense and projected ratio of charity care to net patient revenue by the end of its second year of operation.

Charity care" means care provided by a health care facility for which the provider does not expect to receive payment from the patient or a third-party payer. (20 ILCS 3960/3) Charity Care **must** be provided at cost.

A table in the following format must be provided for all facilities as part of Attachment 44.

CHARITY CARE			
	Year	Year	Year
Net Patient Revenue			
Amount of Charity Care (charges)			
Cost of Charity Care

Organizational Relationships

This project has 2 co-applicants: Centegra Specialty Hospital – Woodstock, South Street and Centegra Health System.

As will be seen on the Organizational Chart that appears on the following page, Centegra Health System is the sole corporate member of Centegra Specialty Hospital – Woodstock, South Street.

Centegra Health System currently operates 3 hospitals: Northern Illinois Medical Center d/b/a Centegra Hospital - McHenry; Memorial Medical Center – Woodstock d/b/a Centegra Hospital - Woodstock; and Memorial Medical Center - Woodstock d/b/a Centegra Specialty Hospital - Woodstock, South Street. Centegra Health System also is the sole corporate member of Centegra Hospital – Huntley which was granted a CON permit by the Illinois Health Facilities and Services Review Board on July 24, 2012 but is not yet operational.

A Corporate Organization Chart will be found on the next page.

This project proposes to discontinue the General Long-Term Nursing Care Category of Service at Centegra Specialty Hospital - Woodstock, South Street (Centegra Specialty Hospital), which has an authorized capacity of 40 beds.

Thirty of the beds (the Skilled Nursing Unit) are managed by Hearthstone Communities pursuant to a management agreement with Hearthstone Management Services. There are no plans for the reuse of the vacated space which is 24,448 DGSF. However, the space will not be reused for patient care or for clinical service areas. It is currently contemplated that the space may be used for offices for administrative departments or for storage.

The remaining 10 beds and 6,018 DGSF are leased to Hospice of Northeastern Illinois (Journey Care), which provides residential hospice care in Centegra Specialty Hospital. Hospice of Northeastern Illinois (Journey Care) will continue to lease the space and operate the residential hospice program.

## II. Discontinuation

### A. General Information Requirements

1. This project proposes to discontinue the General Long-Term Nursing Care Category of Service at Centegra Specialty Hospital - Woodstock, South Street (Centegra Specialty Hospital), which has an authorized capacity of 40 beds.

Thirty of the beds (the Skilled Nursing Unit) are managed by Hearthstone Communities pursuant to a management agreement with Hearthstone Management Services. Hearthstone Communities also operates Hearthstone Manor in Woodstock, a nearby facility that provides the General Long-Term Nursing Care Category of Service.

The remaining 10 beds are leased to Hospice of Northeastern Illinois (Journey Care), which provides residential hospice care in Centegra Specialty Hospital.

2. The General Long-Term Nursing Care Category of Service is the only Category of Service that will be discontinued.

A CON permit was granted to Centegra Specialty Hospital on April 22, 2014 (Project No. 14-003), to discontinue its Acute Mental Illness (AMI) Category of Service, which is the only other category of service operated at Centegra Specialty Hospital. The discontinuation of the AMI service is anticipated to occur by June 30, 2015 after the replacement AMI Category of Service is constructed and licensed at Centegra Hospital – Woodstock, Doty Road pursuant to the CON permit approved in Project No. 14-004.

3. The anticipated date of discontinuation of the General Long-Term Nursing Care Category of Service is no later than December 31, 2014.
4. There are limited plans for the reuse of the space currently occupied by the General Long-Term Nursing Care Category of Service. Journey Care will continue to lease the space it currently leases for a residential hospice program.

None of the space currently occupied by the General Long-Term Nursing Category of Service will be reused for licensed inpatient care. The vacated space is contemplated for use as offices for administrative departments or for storage. At the present time, it is anticipated that Outpatient Behavioral Health Services will remain in operation at this facility in the existing space, not in the space currently occupied by the Skilled Nursing Unit.

Centegra Health System, the owner and operator of Centegra Specialty Hospital, has assessed the equipment and furnishings in the General Long-Term Nursing Care Unit at the hospital and determined that the disposition of these items will be in one of the following ways:

- a. Some equipment or furniture may be able to be relocated to other Centegra Health System facilities.

- b. Any furniture that is beyond its useful life but is still in decent condition will be donated to non-profit organizations in the area.
  - c. Any of the equipment (e.g., beds) that is beyond its useful life will be disposed of by donating it to third world organizations, sold to a used equipment buyer or scrapped if it is made of metal and has residual value.
  - d. Any remaining items will be discarded.
5. In accordance with Centegra Health System's Records Management Policy, all records of skilled nursing patients will be retained as follows: complete records for adult patients will be retained for 10 years in accordance with 210 ILCS 85.6.17(c); the complete records for minors will be retained for 10 years after the patient's age of majority in accordance with 210 ILCS 85.6.17(c).

All medical records pertaining to the General Long-Term Nursing Care Category of Service are and will continue to be stored with the medical records for all Centegra Health System hospitals. Medical records from prior to April 2012 are housed off-site at a HIPAA-compliant storage company. Medical records created since April 2012 are scanned from the paper records and the resulting electronic health records are kept on computer servers that are located off-site.

6. This CON application seeks the discontinuation of the General Long-Term Nursing Care Category of Service. It should be noted that the hospital has been authorized to provide only two Categories of Service (AMI and General Long-Term Nursing Care) and the AMI Category of Service was granted a CON permit for discontinuation on April 22, 2014 (Project No. 14-003) which will be implemented when the replacement AMI Service becomes operational at Centegra Hospital – Woodstock in accordance with Project No. 14-004. As a result, a separate CON application is being submitted at the same time as this application proposing to discontinue Centegra Specialty Hospital as a general hospital. That application will include the required certification for discontinuation of an entire facility.

B. Reasons for Discontinuation

This application seeks approval to discontinue the General Long-Term Nursing Care Category of Service at Centegra Specialty Hospital.

Centegra Specialty Hospital received a CON permit on April 22, 2014, to discontinue the Acute Mental Illness (AMI) Category of Service (Project No. 14-003) which will be relocated to Centegra Hospital – Woodstock, Doty Road, pursuant to the permit approved in Project No. 14-004. The AMI Category of Service at Centegra Specialty Hospital will cease to operate by June 30, 2015, when the modernization of space for the new AMI Unit at Centegra Hospital – Woodstock, Doty Road is completed and the new service is approved for occupancy by the Illinois Department of Public Health.

The reasons for discontinuing the General Long-Term Nursing Care Category of Service are presented below. They are in many cases the same as the reasons for discontinuing the entire hospital facility. The CON application to discontinue the entire hospital facility is being submitted simultaneously with this CON application.

1. Centegra Specialty Hospital was constructed in 1914. The Skilled Nursing Unit is located in an original building, which is 100 years old.

Although the Skilled Nursing Unit is currently in compliance with federal certification requirements for hospitals and nursing homes participating in Medicare and/or Medicaid programs, Centegra Specialty Hospital has been cited in recent years for its deficiencies, and this facility is not a modern Skilled Nursing Unit in a contemporary facility. Further, because of the age of the building, deficiencies can be difficult to correct.

2. There are a sufficient number of General Long-Term Nursing Care beds available in the planning area to accommodate Centegra Specialty Hospital's caseload for this category of service.

Although there is a calculated need of 58 beds for the General Long-Term Nursing Care Category of Service in Planning Area HSA 8 McHenry (Source: Illinois Health Facilities and Services Review Board and Illinois Department of Public Health, "Inventory of Health Care Facilities and Services and Need Determinations," July 15, 2014, Monthly Update), nine of the 10 providers of this category of service are operating below the utilization target of 90% (77 Ill. Adm. Code 1125.210(c)), which indicates that there is an adequate supply of available beds in the planning area to accommodate Centegra Specialty Hospital's patients. In fact, the average daily census of all providers in the Planning Area in CY2012, the last year for which these data are available, was only 70.6%, as shown in the Table on Page 10 of this Attachment) Even when the 40 Long-Term Care Nursing Care beds at Centegra Specialty Hospital are omitted from the inventory of beds in this Category of Service in the planning area, the average occupancy rate for the remaining providers (with Centegra Specialty Hospital's patient-days included) would be 73.4%. Consequently, there is ample capacity in the planning area to accommodate the patients served by Centegra Specialty Hospital.

Moreover, the nine existing planning area providers other than Centegra Specialty Hospital are located within 45 minutes adjusted travel time of Centegra Specialty Hospital, are accessible to the population served by Centegra Specialty Hospital, and four of them have indicated a willingness to provide care to the patients requiring the General Long-Term Nursing Care Category of Service who are currently served by Centegra Specialty Hospital.

3. Additionally, there are 17 other providers of the General Long-Term Nursing Care Category of Service located within 45 minutes adjusted travel time of Centegra Specialty Hospital.

In fact, the HFSRB recently approved a new 170-bed General Long-Term

Nursing Care facility in Huntley which is located within 21 minutes adjusted travel time of Centegra Specialty Hospital in accordance with 77 Ill. Adm. Code 1100.510(d)(2). This facility is Alden Estates of Huntley, Project No. 13-013, that was approved on June 26, 2013. That facility is currently under construction, and all of its beds will be available to serve the area's need when it becomes licensed and operational.

4. Providers of the General Long-Term Nursing Care Category of Service that are located within 45 minutes travel time of Centegra Specialty Hospital have indicated that they will be able to accept the facility's existing caseload for this service.

Centegra Specialty Hospital sent requests to 26 facilities that either currently provide the General Long-Term Nursing Care Category of Service or, in one case, have received CON permits to construct a new nursing home providing this category of service. These facilities were determined based on travel time calculated using [www.mapquest.com](http://www.mapquest.com) and adjusted by multiplying the travel time by 1.15, in accordance with 77 Ill. Adm. Code 1100.510(d)(2). The MapQuest data are found in Appendix 1 of this CON application.

Four facilities responded to this request, all of which are located in the same planning area as Centegra Specialty Hospital (HSA 8 McHenry), and these

facilities indicated they could accommodate the entire caseload of skilled nursing patients from Centegra Specialty Hospital – Woodstock, South Street.

Crossroads Care Center of Woodstock, Woodstock  
Hearthstone Manor, Woodstock  
The Springs at Crystal Lake Rehabilitation Center, Crystal Lake  
Valley Hi Nursing & Rehabilitation, Woodstock

Copies of these four responses are included at Pages 11 through 14 of this Attachment and in Appendix 2.

These responses document that all of the patients currently served by Centegra Specialty Hospital can be accommodated at existing area providers. For the Calendar Years 2013 and 2012, the average daily census at Centegra Specialty Hospital has been 12.49 and 11.64, respectively.

- Hearthstone Communities, which manages 30 of the Long Term Care beds at Centegra Specialty Hospital (the Skilled Nursing Unit) pursuant to a management agreement, has stated that it can accommodate a minimum of eight additional patients at its own Woodstock long-term care facility, Hearthstone Manor.
- Crossroads Care Center of Woodstock stated it would be able to accommodate 10 to 11 additional patients.
- The Springs at Crystal Lake stated that it would accommodate the entire average census of 12.49 patients at its facility in Crystal Lake.
- Valley Hi Nursing & Rehabilitation in Woodstock stated that it would review all referrals for consideration of placement.

Consequently, there is both the bed capacity and willingness at existing nearby providers to accommodate all patients served by Centegra Specialty Hospital

5. Centegra Specialty Hospital's skilled nursing beds in the General Long-Term Nursing Care Category of Service are operated by Hearthstone, not by the hospital

Hearthstone Communities, who is the contract manager for the 30-bed Skilled Nursing Unit, is a local nursing home provider that has indicated it has beds available in its own nursing home (Hearthstone Manor) to accommodate a majority of the patients who were cared for in Centegra Specialty Hospital's Skilled Nursing Unit during CY2013.

During CY2013, Centegra Specialty Hospital experienced 4,560 patient days or an average daily census of 12.5 patients, an occupancy rate of 31.2%, in its 40 skilled nursing beds.

In its Impact Statement letter that is found on Page 12 of this Attachment and in

Appendix 2 of this CON application, Terry Egan, President and CEO of Hearthstone Communities, stated that Hearthstone Manor "could accommodate a minimum of eight additional patients if Centegra's Long-Term Care unit at South Street [i.e., Centegra Specialty Hospital] was no longer in operation."

In addition, as noted above, Appendix 2 of this CON application contains Impact Statements from three other facilities in the same planning area (HSA 8 McHenry) providing the General Long-Term Nursing Care Category of Service that state that they could accommodate the entire caseload of skilled nursing patients from Centegra Specialty Hospital – Woodstock, South Street.

6. The remaining 10 beds in Centegra Specialty Hospital's General Long-Term Nursing Care Category of Service are not operated as licensed long-term care beds because the space is leased to Journey Care for a residential hospice program.

C. Impact on Access

1. The discontinuation of the General Long-Term Nursing Care Category of Service at Centegra Specialty Hospital will not have an adverse effect upon access to care for residents of Planning Area HSA 8 McHenry because existing facilities that are located within 45 minutes travel time of the hospital, as calculated using [www.mapquest.com](http://www.mapquest.com) and adjusted by multiplying the travel time by 1.15, in accordance with 77 Ill. Adm. Code 1100.510(d)(2), have indicated that they are prepared to assume its entire caseload for this category of service.

A copy of the written requests for impact statements that were sent to these facilities is found in Appendix 2, together with documentation that the request was received at the facility.

2. As noted above, there are 26 providers of the General Long-Term Nursing Care Category of Service that are located within 45 minutes adjusted travel time of Centegra Specialty Hospital. Nine of these facilities are located in Planning Area HSA 8 McHenry.

These facilities were sent written requests, asking them to provide impact statements, indicating the extent to which each will absorb Centegra Specialty Hospital's general long-term nursing care workload without conditions, limitations, or discrimination.

A copy of the written requests for impact statements that were sent to these facilities along with proof that these letters were sent by certified mail is found in Appendix 2, followed by documentation that the requests were received at the facilities.

Dear Mr. Eesley,

Please accept this letter as our impact statement in reference to the notification by you of the plans for the certificate of need discontinuation for the South Street campus. After review of the letter we are confident that these changes will not have an adverse affect on our facility, Crossroads Care Center. Furthermore, in the event that there is a need to accommodate your case load through this transition and an ongoing basis, we would be able to accommodate and average of 10-11 patients per day.

If you have any further questions regarding this information please feel free to call at your convenience.

Respectfully,

Dear Mr. Eesley,

We are in receipt of your July 9, 2014 letter regarding the proposed discontinuation of the General Long-Term Care Category of Service at Centegra's Specialty Hospital on South Street in Woodstock. Based on several factors, we believe Hearthstone Manor could effectively accommodate more than half of the caseload that is currently being served at Centegra's Specialty Hospital.

In May of 2014, Hearthstone Manor completed a thorough remodeling of our Medicare Rehabilitation Unit, in effect, increasing the capacity of private patient rooms along with a new rehab gym and private entrance. Based on the average daily census of 13 at Hearthstone Manor over the past two fiscal years, we could accommodate a minimum of eight additional patients if Centegra's Long-Term Care unit at South Street was no longer in operation. Since Hearthstone associates have managed Centegra's unit at South Street for the past two years, we know the type of patients served there, and can provide the same level and quality of service at the Manor.

Please feel free to contact me with any questions you may have. We look forward to a continued strong partnership with Centegra Health System.

Sincerely,

Terry Egan

July 17, 2014

Dear Mr. Easley,

We are in receipt of your letter dated July 9, 2014 regarding the planned discontinuation of General Long-term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street and the discontinuation of Centegra Specialty Hospital-Woodstock, South Street

We appreciate our relationship with Centegra Health System in providing high quality healthcare services to our community. We agree with the opinion of Centegra Health System that the discontinuation of General Long-term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street and the discontinuation of Centegra Specialty Hospital-Woodstock, South Street will not have an adverse effect upon access to care for residents of Planning Area HSA-8 McHenry County the market area of the hospital or cause any unnecessary hardship or limitation of access to needed services.

Per your request, we are responding with our availability for those patients who would have received care at the Woodstock, South Street location. Currently The Springs at Crystal Lake has a capacity of 97 beds. Our Average daily census for the past year has been 55.5, which gives us an average of 41.5 beds available on a daily basis to accommodate the entire additional average census of 12.49 described in your letter. We are accustomed to handling 5-8 admissions per day and are capable of handling more if the need arises.

We continue to focus our efforts on advancing the coordination of care with Centegra Health System in order to provide high quality healthcare services to the patients we serve.

Sincerely,

Stephanie Dimitrenko R.N./N.H.A.

Re: Certificate of Need Response Letter Related to the Discontinuation of the General Long-Term Care Category of Service

Dear Mr. Eesley-

The purpose of this letter is to provide Centegra with the responses requested in the 7-9-2014 letter regarding the discontinuation of the General Long-Term Care Category of Service at South Street. Valley Hi has reviewed your letter and agrees with your assessment that the discontinuation of services at South Street will have minimal impact on Valley Hi.

We have also discussed the possibility of accommodating the caseload and are able to accept residents to our Facility provided that an appropriate bed is available. We will happily review all referrals sent to Valley Hi for consideration of placement.

Please feel free to contact me should you have any questions or require any additional information. I can be reached directly at 815-334-2806.

Sincerely,

Safety Net Impact Statement

1. The project's material impact, if any, on essential safety net services in the community.

This project will not have any impact on essential safety net services in Planning Area HSA 8 McHenry for General Long-Term Nursing Care services for the following reasons.

- a. Of the nine existing providers in the planning area to whom impact letters were sent, none have indicated that this project would adversely impact safety net services.
- b. Similarly, none of the 25 existing providers of the General Long-Term Nursing Care Category of Service and one provider whose facility is currently under construction that are located within 45 minutes adjusted travel time of Centegra Specialty Hospital – Woodstock, South Street (Centegra Specialty Hospital) have indicated that this project would adversely impact safety net services. Adjusted travel time was calculated using [www.mapquest.com](http://www.mapquest.com) and adjusted by multiplying the travel time by 1.15 in accordance with 77 Ill. Adm. Code 1100.510(d)(2), as shown in Appendix 1 of this application.
- c. All of the patients currently served in Centegra Specialty Hospital's Skilled Nursing Unit can be accommodated at existing area providers. For the Calendar Years 2013 and 2012, the average daily census at Centegra Specialty Hospital has been 12.49 and 11.64, respectively.
  - 1) Hearthstone Communities, which manages 30 of the Long Term Care beds at Centegra Specialty Hospital (the Skilled Nursing Unit) pursuant to a management agreement, has stated that it can accommodate a minimum of eight additional patients at its own Woodstock long-term care facility, Hearthstone Manor.
  - 2) Crossroads Case Center of Woodstock stated it would be able to accommodate 10 to 11 additional patients.
  - 3) The Springs at Crystal Lake stated that it would accommodate the entire average census of 12.49 patients at its facility in Crystal Lake.
  - 4) Valley Hi Nursing and Rehabilitation in Woodstock stated that it would review all referrals for consideration of placement.

The responses to the Impact Letter are found on pages 11 to 14 of Attachment 10 and in Appendix 2.

Consequently, there is both the bed capacity and willingness at existing nearby providers to accommodate all patients served by Centegra Specialty Hospital.

- d. There are a sufficient number of General Long-Term Nursing Care beds available in the planning area to accommodate Centegra Specialty Hospital's caseload for this category of service.

Although there is a calculated need of 58 beds for the General Long-Term Nursing Care Category of Service in the Planning Area HSA 8 McHenry (Source: Illinois Health Facilities and Services Review Board and Illinois Department of Public Health, "Inventory of Health Care Facilities and Services and Need Determinations," July 15, 2014, Monthly Update), nine of the 10 providers of this category of service are operating below the utilization target of 90% (77 Ill. Adm. Code 1125.210(c)), which indicates that there is an adequate supply of available beds in the planning area to accommodate Centegra Specialty Hospital's patients.

In fact, the average daily census of all providers in the Planning Area in CY2012, the last year for which these data are available, was only 70.6%, as shown in the Table on Page 10 of Attachment 10. Even when the 40 Long-Term Nursing Care beds at Centegra Specialty Hospital are omitted from the inventory of beds in this Category of Service in the planning area, the average occupancy rate for the remaining providers (with Centegra Specialty Hospital's patient days included) would be 73.4%. Consequently, there is ample capacity in the planning area to accommodate the patients served by Centegra Specialty Hospital.

Moreover, the nine existing planning area providers other than Centegra Specialty Hospital are all located within 45 minutes adjusted travel time of Centegra Specialty Hospital, are accessible to the population served by Centegra Specialty Hospital, and four of them have indicated a willingness to provide care to the patients requiring the General Long-Term Nursing Care Category of Service who are currently served by Centegra Specialty Hospital.

Additionally, there are 17 other providers of the General Long-Term Nursing Care Category of Service located within 45 minutes adjusted travel time of Centegra Specialty Hospital.

In fact, the HFSRB recently approved a new 170-bed General Long-Term Nursing Care facility in Huntley which is located within 21 minutes travel time of Centegra Specialty Hospital in accordance with 77 Ill. Adm. Code 1100.510(d)(2). This facility is Alden Estates of Huntley, Project No. 13-013, approved June 26, 2013. That facility is currently under construction and all of its beds will be available to serve the area's need when it becomes licensed and operational.

2. The project's impact on the ability of another provider or health care system to cross-subsidize safety net services

The project will not adversely impact the ability of other providers or healthcare systems to cross-subsidize Safety Net Services.

Centegra Specialty Hospital sent impact letters to all 26 providers within 45-minutes adjusted travel time and none responded that it would be adversely impacted in any

way by the project. Furthermore, as noted above, four providers responded to the impact letter by stating that they each could accommodate all, or nearly all, of the patient volume at Centegra Specialty Hospital.

As also noted above, nine of the 10 current providers of the General Long-Term Nursing Care Category of Care in the planning area operated below the utilization target of 90% (77 Ill. Adm. Code 1125.210(c)) in CY2012, the most recent year for which these data are available, and the average utilization rate of all facilities in the Planning Area was 70.6%. All of these facilities are located within 45 minutes adjusted travel time of Centegra Specialty Hospital – Woodstock, South Street, as shown in Attachment 10.

Further, there is an additional General Long-Term Care facility, Alden Estates of Huntley, currently under construction that is only 21 minutes adjusted travel time from Centegra Specialty Hospital. 170 licensed beds will be available to serve that facility area's needs when it becomes licensed and operational.

3. How the discontinuation of a facility or service might impact the remaining safety net providers in a given community

This application seeks approval for the discontinuation of the General Long-Term Nursing Care Category of Service at Centegra Specialty Hospital.

The project will not adversely impact safety net providers in the community as documented by the responses to the impact letter sent to providers for this project. No providers that are located within 45 minutes adjust travel time of Centegra Specialty Hospital indicated the discontinuation would have any adverse impact on safety net services, and four providers of this Category of Service have stated that they have the capacity and are willing to accept Centegra Specialty Hospital's patient volume.

Impact letters were sent to all providers of the General Long-Term Nursing Care Category of Care that are located within 45 minutes adjusted travel time of this provider (as calculated using [www.mapquest.com](http://www.mapquest.com) and adjusted by multiplying the travel time by 1.15 in accordance with 77 Ill. Adm. Code 1100.510(d)(2), both those located in Planning Area HSA 8 McHenry as well as in other planning areas.

These letters and all of the responses are found in Appendix 2 of this CON application.

Safety Net Impact Statements shall also include all of the following:

1. For the 3 fiscal years prior to the application, a certification describing the amount of charity care provided by the applicant. The amount calculated by hospital applicants shall be in accordance with the reporting requirements for charity care reporting in the Illinois Community Benefits Act.

As stated above, this project has two co-applicants: Centegra Specialty Hospital – Woodstock, South Street and Centegra Health System.

A notarized certification describing the amount of charity care provided in 2011

through 2013 by each of the hospitals that are members of Centegra Health System is found on Page 5 of this Attachment.

2. For the 3 fiscal years prior to the application, a certification of the amount of care provided to Medicaid patients. Hospital and non-hospital applicants shall provide Medicaid information in a manner consistent with the information reported each year to the Illinois Department of Public Health regarding "Inpatients and Outpatients Served by Payor Source" and "Inpatient and Outpatient Net Revenue by Payor Source" as required by the Board under Section 13 of this Act and published in the Annual Hospital Profile.

A notarized certification describing the amount of care provided to Medicaid patients in 2011 through 2013 by each of the hospitals that are members of Centegra Health System is found on Page 6 of this Attachment.

3. Any information the applicant believes is directly relevant to safety net services, including information regarding teaching, research, and any other service.

A Safety Net Information Table per PA-96-0031 in the specified format must be provided as part of Attachment 40.

- a. The Table required by PA 96-0031 is found on page 7 of this Attachment.
- b. A copy of Centegra Health System's 2013 Report to the Community is appended to this Attachment starting on page 8.
- c. During FY2013, Centegra Health System provided more than \$4,500,000 in community benefits, an increase from FY2012.
- d. Centegra Health System is a core team member that conducted the 2014 McHenry County Healthy Community Study, which is a collaborative effort with the McHenry County Department of Health and in which more than 10 organizations participated. The results were presented to the community in May 2014. Centegra has also participated in the prior studies.
- e. Centegra Health System has been an active participant in the McHenry County Health Department's MAPP (Mobilizing for Action through Planning and Partnerships), an ongoing effort which is currently in its action phase.

# Annual Report FY2013

# Annual Report FY2013

## Welcome

Dear Friends,

Thank you for joining us as we review Centegra Health System's fiscal year 2013. It was a remarkable year, one filled with great advances that show our dedication to excellence and to building a healthier future.

Each day our Associates and Physicians provided excellent personalized care to our patients and their families. I'm always amazed at the many facets of patient care. Every clinician has to have the right combination of compassion, persistence, intelligence and thoughtfulness. At Centegra, our health care team is unmatched.

We carefully develop services according to the health needs of the community. In 2013 Centegra Physician Care introduced a 24-hour hospitalist program. These physicians specialize in inpatient care at our health care facilities. Hospitalists see patients whose physicians do not provide inpatient care. They also provide care to patients who do not have a primary care physician. Our hospitalists are available at a moment's notice to support the rest of the health care team.

In 2013 our teams also finished the final planning phases of Centegra Hospital-Huntley, which will open in 2016. We have worked closely with nurses, Physicians and Associates to design a high tech hospital that will provide state of art clinical care in an aesthetically pleasing environment.

The past year was a demanding and exciting time for Centegra Health System. We have witnessed continued growth and development in the provision of services to the people that live in our community.

We invite you to learn more about Centegra's advances and our focus on our community in this annual report to the community. Please join us in the future as we continue to provide high-tech, high-quality health and wellness services for the entire McHenry County area.

Sincerely,

Michael S. Eesley  
Chief Executive Officer  
Centegra Health System

Supported or sponsored more than 326 community events in FY13.  
These events touched more than 241,194 individuals.  
Conducted the Weigh Less, Live More Expo providing more than 577 free screenings and introducing the new Centegra Weight-Loss Institute.  
Sold out Centegra Health Strong Woman Event, conducting 1,495 screenings and providing a Lunch and Learn segment that introduced 26 providers to more than 500 attendees. Planned the Hearthstone Senior Fair and conducted free screenings for 222 attendees.

# Annual Report FY2013

Partnered with the Sun City Ageless Fair and conducted 615 free screenings.  
Conducted the eighth Annual Health Care Career Fair at the Woodstock North High School.  
The fair featured a variety of clinical health care careers and encouraged McHenry County's eighth-grade students to experience a hands-on, simulated environment while teaching them about all aspects of health care careers. This event has attracted more than 9,400 participants over the last several years.

## Community Service

Our Associates and physicians volunteer more than 75,000 hours of their time to the community each year.

## Wellness

Baseline concussion screenings were provided to youth sporting groups and local high schools, with more than 2,200 baselines performed. With the high demand of post-injury screenings that came in following the baselines, the Centegra Concussion Clinic launched in June 2013 for post injury in conjunction with neuro-rehabilitation.

Del Webb launched well checks to be hosted on-site for all Del Webb residents.

The wellness department hosted the second Break Your Boundaries (BYB) weight-loss program to almost 800 participants. Competitors lost a total of 4,032 pounds, 3,189 inches in an eight-week program designed to address healthier lifestyles through exercise, healthy eating and behavior change.

In January 2013, 1,612 Centegra Associates and just more than 100 spouses completed their Health Risk Assessment (HRA) screenings, the highest participation rates ever.

## Accreditation and Quality Recognition

Centegra Gavers Breast Center was named to the National Accreditation Program for Breast Centers (NAPBC).

Centegra earned the United Healthcare Premium Designation Interventional Cardiac Care and Rhythm Management for interventional cardiac services.

Centegra was a recipient of the American College of Cardiology Foundation's National Cardiovascular Data Registry (NCDR) ACTION Registry – Get With the Guidelines (GWTG) Silver Performance Achievement Award for acute coronary syndrome patients.

Centegra was a recipient of the American Heart Association's Mission: Lifeline Bronze Quality Achievement Award.

Centegra was recognized by Blue Cross and Blue Shield of Illinois as one of the first hospitals in the nation to receive a Blue Distinction Center+ designation in the area of cardiac care.

Centegra successfully completed the Laboratory College of American Pathologist standards.

Centegra implemented the McKesson Paragon Hospital Information System for Electronic Medical Record (EMR) and achieved Healthcare Information Management and System Society (HIMSS) EMR Adoption Model (EMRAM) Stage 5 Level. This implementation replaced both our clinical and financial systems and included additional workstation and thin station rollouts, mobile clinical computing, remote access improvements and monitor integration.

## Magnet

Centegra Health System's application for Magnet designation was accepted and the document was submitted to the American Nurses Credentialing Center (ANCC) April 1. The document was approved and three ANCC appraisers scheduled a three-day on-site visit. This visit was the final phase of Centegra's Journey to Magnet Excellence, which began more than three years ago. Fewer than 400 hospitals in the world have this distinct designation, which recognizes quality patient care, nursing excellence and innovations in professional nursing practice.

## System Awards and Recognition

Centegra Physician Care was named to Modern Healthcare's Best Places to Work in Healthcare 2012 list. The Modern Healthcare Best Places to Work designation has been recognizing outstanding places of employment in the health care industry including health care providers, suppliers and payers since 2008. Centegra Physician Care was named 74th in the Top 100.

Again this year, McHenry County residents voted Centegra Health System and Centegra Health Bridge Fitness Centers as their choice for health and wellness. In June 2013, a special section honoring the community's choices for the "Best of Fox 2013 awards" was published in the Northwest Herald. Best Hospital category was eliminated. Below are the categories in which Centegra achieved awards:

## Centegra Physician Care

### History and Background

Centegra Hospital-McHenry and Centegra Hospital-Woodstock have a rich history in their communities, dating from 1914 and 1956.

Centegra Physician Care (CPC), formerly Centegra Primary Care, is an Illinois not-for-profit corporation and the leading healthcare provider in the greater McHenry County area. We are known for our high quality, state-of-the-art medical services and our genuine, compassionate patient care.

Our mission is to serve our community by providing the highest quality care in an environment of outstanding service, access and convenience. The focus of our practice is on preventative care, education and patient involvement.

### Community Involvement

As the only clinic of its kind in our county, Centegra Physician Care Associates and the Family Health Partnership Clinic employees have provided screenings, physicals, chronic disease management and sick care to people in need for the past 15 years. In FY2013, our doctors volunteered 376 hours serving more than 600 people at the clinic to provide quality health care to the residents of McHenry County.

Every one of our Centegra locations is committed to giving the highest level of service to all patients, regardless of their ability to pay.

Our providers also volunteer their time to give health-related lectures and presentations for people of our region. Providers speak at nursing homes, colleges, non-profit organizations, fitness centers, high schools and senior living communities to help people understand topics such as heart disease, cancer, chronic illnesses, orthopedics, parenting and wellness. In FY2013, 625 people received education at 33 lectures.

### Retention and Growth

Centegra Physician Care doctors understand the importance of CPC's role in the community and commit themselves and their careers to our mission. About 30 percent of our doctors have five or more years with CPC and 15 percent have 10 or more years of service. Our retention rates have improved from 83 percent to 88 percent.

In terms of headcount, Centegra Physician Care has grown 291 percent since 2006.

# Annual Report FY2013

## New in 2013

### Andrea's Story (Family Practice)

Andrea "What really separates my Centegra primary care physician from others is her sincere interest in me and my family. She always takes her time and explains things to me. My doctor shares her life experiences and relates them to mine; it makes me a lot more comfortable knowing she's a person just like me.

Whenever I call for an appointment the schedulers always take such good care to get me a convenient appointment. When I show up at my appointment my doctor is very respectful of my time and she's always on time.

All the staff at Centegra are incredibly compassionate. When I delivered both of my daughters at Centegra, the nurses were attentive and reassuring at a time when I was very nervous. Even when my daughters had their tonsils removed at Centegra Hospital-McHenry the doctors and nurses were so warm and genuine, they really helped to calm my daughters and me.

What also makes Centegra such a perfect fit for my family is the convenience of their locations throughout all of McHenry County. Centegra Physician Care, immediate cares, hospitals with emergency departments are all close to my home. The staff who work at Centegra truly care about keeping me and my family healthy.

I was sick for three and a half years before I finally went to the doctor. By the end of March, I could barely take care of myself because I was so exhausted all the time. I did a lot of research and thought I had a hormonal imbalance based on my symptoms, so I started looking for a gynecologist. I had a lot of trouble finding someone who understood what I wanted, until my boyfriend's mom (a nurse at Centegra Hospital-Woodstock) recommended Dr. Favia.

I was able to get an appointment with Dr. Favia right away and she took great care of me. On March 29, she did some blood tests and sent me to a hematologist, Dr. Zahir, because the blood tests showed that I had anemia and low platelets. I saw Dr. Zahir on April 1 and he recommended a rheumatologist, Dr. Malik, because he thought I may also have lupus. I saw Dr. Malik on April 15 and started treatment on May 1. Within three days, I started feeling better.

Dr. Malik is great. He is so in tune with what I say; he listens really well. He was able to piece things together and help me quickly. He is so wonderful that I took my mom to him. She was diagnosed with lupus a few years ago but Dr. Malik found out she has fibromyalgia instead. I couldn't ask for a better doctor."

### **Michelle's Story (Rheumatology)**

Michelle "My hair was falling out, my joints constantly ached and I was so exhausted. This went on for three years just not feeling well and not knowing why. I had almost completely withdrawn socially because of my extreme exhaustion. It was affecting my personal and professional relationships. Finally, my mother persuaded me to go get some blood work done. The tests were abnormal and the results finally led me to Dr. Malick. He quickly diagnosed me with lupus disease and started me on medication. Within days I could feel the medication working and my energy level returning to normal. Eventually I started feeling so much better, I returned to many of my activities and socializing again. I am so grateful to Dr. Malick. I finally had some answers to why I was feeling the way I did. My doctor has recommended exercise and a healthy diet as a part of my ongoing recovery. I exercise, I eat right and I know what I need to do now to stay well, thanks to my Centegra doctor."

### **Janis' Story (WellBridge)**

Janis "After my bariatric surgery, Dr. Heydari referred me to the WellBridge program. I needed to improve my health because of my diabetes, my high blood pressure and my high cholesterol. My doctor wanted me to have the resources to keep improving my health so I joined Centegra Health Bridge Fitness Center. I never would have imagined in my wildest dreams working out could be so much fun. I absolutely love my aquatics classes. I love my teachers and I'm there three to four times a week. They really make it a lot of fun. I've seen significant improvements. For example, I've lost 111 pounds. I was on five different medications before my surgery and now I'm down to one. My blood pressure is in the normal range now, too. The whole program gave me the tools and resources I needed to get better and stay well. I'm so grateful to my doctor for taking such great care of me."

### **Kerri's Story (Centegra Weight-Loss Institute)**

Kerri "I was in total shock at how heavy I had gotten and I wanted to do something about it, so I joined the Optifast program at Centegra. I've lost 40 pounds and two pant sizes in the first 11 weeks! Optifast takes the focus off food by providing me healthy meal replacements. There's medical oversight provided, which gives me peace of mind. What really makes this program so much better than any other program is the amount of support you receive. I couldn't do it without the support of the nutritionist, behaviorist, fitness trainers and my support group. I'm discovering why I had poor eating habits, learning tools to cope and learning how to eat right while exercising. I'm still working toward my final goal but now I know I can do it."

### **Tiffany's Story (Medical Nutrition Therapy)**

Tiffany "I was shopping for bigger sized clothing. My energy level was way down and I'm a busy wife and full-time mom of a 2-year-old and a 5-year-old.

At a checkup for a thyroid condition, my endocrinologist, Dr. Achal Ahmed, voiced what what I had been thinking.

She told me I really had to lose weight or one day we'd be talking about diabetes. That really scared me. I told Dr. Ahmed, 'Give me six months to see what I can do. I was already a member of Centegra Health Bridge Fitness Center, so I scheduled a fitness assessment with a personal trainer. Spending just one hour at the gym most days of the week became a priority. I also worked closely with one of Centegra's registered dietitians. I learned to cook and shop differently.

After just six months, I've dropped 42 pounds and lost 8½ inches from my waist. I really needed the one-on-one help from a personal trainer, nutrition expert and the encouragement from my doctor. Now my glucose, cholesterol and thyroid levels are all in the normal range and the doctor said I reversed my risk of developing diabetes."

APPENDIX-2  
IMPACT ON ACCESS

July 9, 2014

Aaron Mann  
Addison Rehabilitation and Living Center  
Apex Healthcare Solutions  
1668 Checker Road  
Long Grove, IL 60047

Dear Mr. Mann,

This letter is to notify you that Centegra Health System will be seeking a certificate of need (CON) to (1) discontinue the General Long-Term Care Nursing Category of Service at Centegra Specialty Hospital-Woodstock, which is located at 527 West South Street, Woodstock, and to (2) discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed hospital.

We propose to discontinue the Skilled Nursing Service at Centegra Specialty Hospital-Woodstock, South Street by December 31, 2014.

In addition, you may be aware that Centegra Specialty Hospital-Woodstock, South Street received a CON permit on April 22, 2014, to discontinue its Acute Mental Illness (AMI) Category of Service during our current fiscal year, which will end in June 30, 2015, in order to relocate that service to Centegra Hospital-Woodstock.

Upon the discontinuation of the Skilled Nursing Service and AMI Service at Centegra Specialty Hospital-Woodstock, South Street, there will not be any inpatient services operating at Centegra Specialty Hospital-Woodstock, South Street. Consequently, Centegra Health System proposes to discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed General Hospital.

Centegra Specialty Hospital-Woodstock, South Street is located in Planning Area HSA 8 McHenry County for General Long-Term Care and in Planning Area A-10 for hospital services.

Centegra Specialty Hospital-Woodstock, South Street has 40 authorized Skilled Nursing beds.

Utilization of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock for the past 2 complete years is shown below.

<b>Period</b>	<b>Admissions</b>	<b>Patient Days</b>	<b>Average Daily Census</b>
CY2012	445	4,259	11.64
CY2013	361	4,560	12.49

We do not believe that the discontinuation of the existing General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street will cause residents of Planning Area HSA 8 McHenry County, which is the market area for this hospital, unnecessary

hardship by the limitation of access to needed services because we believe that there are an adequate number of beds available to provide care for all residents of the planning area, as well as residents of nearby planning areas served by Centegra Specialty Hospital-Woodstock, South Street.

We do not believe that this proposed discontinuation of either Centegra Specialty Hospital-Woodstock, South Street's General Long-Term Care Category of Service or its general hospital license will have an adverse effect upon access to care for residents of Planning Area HSA 8 McHenry County, which is both the planning area and the market area for this hospital. We do not believe that the proposed discontinuation will limit the ability of low-income persons, racial and ethnic minorities, women, handicapped persons, the elderly, and other underserved groups to obtain needed health care services because adequate facilities are available to provide this service for residents of the planning area.

In accordance with the requirements of the Illinois CON program, please assess the impact of the discontinuation of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street or of the discontinuation of Centegra Specialty Hospital-Woodstock, South Street on your facility's caseload, indicating in writing whether your facility has capacity available to accommodate a portion or all of the General Long-Term Care caseload that will be discontinued at Centegra Specialty Hospital-Woodstock, South Street without conditions, limitations, or discrimination. If possible, please quantify the average number of beds that you will have available on a daily basis to accommodate our caseload.

Please note that the Review Board's rules also provide that the failure to respond to this request for an impact statement within 15 days following your receipt of this letter constitutes a non-rebuttable assumption that the discontinuation will not have an adverse impact upon your facility.

If you have any questions relating to this project, please do not hesitate to contact me.

Sincerely,

Michael S. Eesley  
Chief Executive Officer  
Centegra Health System

We do not believe that the discontinuation of the existing General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street will cause residents of

Planning Area HSA 8 McHenry County, which is the market area for this hospital, unnecessary hardship by the limitation of access to needed services because we believe that there are an adequate number of beds available to provide care for all residents of the planning area, as well as residents of nearby planning areas served by Centegra Specialty Hospital-Woodstock, South Street.

We do not believe that this proposed discontinuation of either Centegra Specialty Hospital-Woodstock, South Street's General Long-Term Care Category of Service or its general hospital license will have an adverse effect upon access to care for residents of Planning Area HSA 8 McHenry County, which is both the planning area and the market area for this hospital. We do not believe that the proposed discontinuation will limit the ability of low-income persons, racial and ethnic minorities, women, handicapped persons, the elderly, and other underserved groups to obtain needed health care services because adequate facilities are available to provide this service for residents of the planning area.

In accordance with the requirements of the Illinois CON program, please assess the impact of the discontinuation of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street or of the discontinuation of Centegra Specialty Hospital-Woodstock, South Street on your facility's caseload, indicating in writing whether your facility has capacity available to accommodate a portion or all of the General Long-Term Care caseload that will be discontinued at Centegra Specialty Hospital-Woodstock, South Street without conditions, limitations, or discrimination. If possible, please quantify the average number of beds that you will have available on a daily basis to accommodate our caseload.

Please note that the Review Board's rules also provide that the failure to respond to this request for an impact statement within 15 days following your receipt of this letter constitutes a non-rebuttable assumption that the discontinuation will not have an adverse impact upon your facility.

If you have any questions relating to this project, please do not hesitate to contact me.

Sincerely,

Michael S. Eesley

Dear Ms. Schullo,

This letter is to notify you that Centegra Health System will be seeking a certificate of need (CON) to (1) discontinue the General Long-Term Care Nursing Category of Service at Centegra Specialty Hospital-Woodstock, which is located at 527 West South Street, Woodstock, and to (2) discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed hospital.

We propose to discontinue the Skilled Nursing Service at Centegra Specialty Hospital-Woodstock, South Street by December 31, 2014.

In addition, you may be aware that Centegra Specialty Hospital-Woodstock, South Street received a CON permit on April 22, 2014, to discontinue its Acute Mental Illness (AMI) Category of Service during our current fiscal year, which will end in June 30, 2015, in order to relocate that service to Centegra Hospital-Woodstock.

Upon the discontinuation of the Skilled Nursing Service and AMI Service at Centegra Specialty Hospital-Woodstock, South Street, there will not be any inpatient services operating at Centegra Specialty Hospital-Woodstock, South Street. Consequently, Centegra Health System proposes to discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed General Hospital.

Centegra Specialty Hospital-Woodstock, South Street is located in Planning Area HSA 8 McHenry County for General Long-Term Care and in Planning Area A-10 for hospital services.

Centegra Specialty Hospital-Woodstock, South Street has 40 authorized Skilled Nursing beds.

Utilization of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock for the past 2 complete years is shown below.

Dear Ms. Rugg,

This letter is to notify you that Centegra Health System will be seeking a certificate of need (CON) to (1) discontinue the General Long-Term Care Nursing Category of Service at Centegra Specialty Hospital-Woodstock, which is located at 527 West South Street, Woodstock, and to (2) discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed hospital.

We propose to discontinue the Skilled Nursing Service at Centegra Specialty Hospital-Woodstock, South Street by December 31, 2014.

In addition, you may be aware that Centegra Specialty Hospital-Woodstock, South Street received a CON permit on April 22, 2014, to discontinue its Acute Mental Illness (AMI) Category of Service during our current fiscal year, which will end in June 30, 2015, in order to relocate that service to Centegra Hospital-Woodstock.

Upon the discontinuation of the Skilled Nursing Service and AMI Service at Centegra Specialty Hospital-Woodstock, South Street, there will not be any inpatient services operating at Centegra Specialty Hospital-Woodstock, South Street. Consequently, Centegra Health System proposes to discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed General Hospital.

Centegra Specialty Hospital-Woodstock, South Street is located in Planning Area HSA 8 McHenry County for General Long-Term Care and in Planning Area A-10 for hospital services.

Centegra Specialty Hospital-Woodstock, South Street has 40 authorized Skilled Nursing beds.

Utilization of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock for the past 2 complete years is shown below.

<u>Period</u>	<u>Admissions</u>	<u>Patient Days</u>	<u>Average Daily Census</u>
CY2012	445	4,259	11.64
CY2013	361	4,560	12.49

We do not believe that the discontinuation of the existing General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street will cause residents of

Planning Area HSA 8 McHenry County, which is the market area for this hospital, unnecessary hardship by the limitation of access to needed services because we believe that there are an adequate number of beds available to provide care for all residents of the planning area, as well as residents of nearby planning areas served by Centegra Specialty Hospital-Woodstock, South Street.

We appreciate the relationship that your facility has had with Centegra Health System and that you have accepted referrals from our hospitals as well as from Centegra Specialty Hospital-Woodstock South Street's Skilled Nursing Unit.

We do not believe that this proposed discontinuation of either Centegra Specialty Hospital-Woodstock, South Street's General Long-Term Care Category of Service or its general hospital license will have an adverse effect upon access to care for residents of Planning Area HSA 8 McHenry County, which is both the planning area and the market area for this hospital. We do not believe that the proposed discontinuation will limit the ability of low-income persons, racial and ethnic minorities, women, handicapped persons, the elderly, and other underserved groups to obtain needed health care services because adequate facilities are available to provide this service for residents of the planning area.

In accordance with the requirements of the Illinois CON program, please assess the impact of the discontinuation of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street or of the discontinuation of Centegra Specialty Hospital-Woodstock, South Street on your facility's caseload, indicating in writing whether your facility has capacity available to accommodate a portion or all of the General Long-Term Care caseload that will be discontinued at Centegra Specialty Hospital-Woodstock, South Street without conditions, limitations, or discrimination. If possible, please quantify the average number of beds that you will have available on a daily basis to accommodate our caseload.

Please note that the Review Board's rules also provide that the failure to respond to this request for an impact statement within 15 days following your receipt of this letter constitutes a non-rebuttable assumption that the discontinuation will not have an adverse impact upon your facility.

If you have any questions relating to this project, please do not hesitate to contact me.

Sincerely,

Michael S. Eesley

Domestic Return Receipt

July 9, 2014

John Bernadyn  
 Crystal Pines Rehab & HCC  
 335 North Illinois Avenue  
 Crystal Lake, IL 60014

Dear Mr. Bernadyn,

This letter is to notify you that Centegra Health System will be seeking a certificate of need (CON) to (1) discontinue the General Long-Term Care Nursing Category of Service at Centegra Specialty Hospital-Woodstock, which is located at 527 West South Street, Woodstock, and to (2) discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed hospital.

We propose to discontinue the Skilled Nursing Service at Centegra Specialty Hospital-Woodstock, South Street by December 31, 2014.

In addition, you may be aware that Centegra Specialty Hospital-Woodstock, South Street received a CON permit on April 22, 2014, to discontinue its Acute Mental Illness (AMI) Category of Service during our current fiscal year, which will end in June 30, 2015, in order to relocate that service to Centegra Hospital-Woodstock.

Upon the discontinuation of the Skilled Nursing Service and AMI Service at Centegra Specialty Hospital-Woodstock, South Street, there will not be any inpatient services operating at Centegra Specialty Hospital-Woodstock, South Street. Consequently, Centegra Health System proposes to discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed General Hospital.

Centegra Specialty Hospital-Woodstock, South Street is located in Planning Area HSA 8 McHenry County for General Long-Term Care and in Planning Area A-10 for hospital services.

Centegra Specialty Hospital-Woodstock, South Street has 40 authorized Skilled Nursing beds.

Utilization of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock for the past 2 complete years is shown below.

<u>Period</u>	<u>Admissions</u>	<u>Patient Days</u>	<u>Average Daily Census</u>
CY2012	445	4,259	11.64
CY2013	361	4,560	12.49

We do not believe that the discontinuation of the existing General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street will cause residents of

Planning Area HSA 8 McHenry County, which is the market area for this hospital, unnecessary hardship by the limitation of access to needed services because we believe that there are an adequate number of beds available to provide care for all residents of the planning area, as well as residents of nearby planning areas served by Centegra Specialty Hospital-Woodstock, South Street.

We appreciate the relationship that your facility has had with Centegra Health System and that you have accepted referrals from our hospitals as well as from Centegra Specialty Hospital-Woodstock South Street's Skilled Nursing Unit.

We do not believe that this proposed discontinuation of either Centegra Specialty Hospital-Woodstock, South Street's General Long-Term Care Category of Service or its general hospital license will have an adverse effect upon access to care for residents of Planning Area HSA 8 McHenry County, which is both the planning area and the market area for this hospital. We do not believe that the proposed discontinuation will limit the ability of low-income persons, racial and ethnic minorities, women, handicapped persons, the elderly, and other underserved groups to obtain needed health care services because adequate facilities are available to provide this service for residents of the planning area.

In accordance with the requirements of the Illinois CON program, please assess the impact of the discontinuation of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street or of the discontinuation of Centegra Specialty Hospital-Woodstock, South Street on your facility's caseload, indicating in writing whether your facility has capacity available to accommodate a portion or all of the General Long-Term Care caseload that will be discontinued at Centegra Specialty Hospital-Woodstock, South Street without conditions, limitations, or discrimination. If possible, please quantify the average number of beds that you will have available on a daily basis to accommodate our caseload.

Please note that the Review Board's rules also provide that the failure to respond to this request for an impact statement within 15 days following your receipt of this letter constitutes a non-rebuttable assumption that the discontinuation will not have an adverse impact upon your facility.

If you have any questions relating to this project, please do not hesitate to contact me.

Sincerely,

Michael S. Eesley

Linda S. Hartmann  
 Heritage Health -Elgin

 Elgin, IL 60120

Dear Ms. Hartmann,

This letter is to notify you that Centegra Health System will be seeking a certificate of need (CON) to (1) discontinue the General Long-Term Care Nursing Category of Service at Centegra Specialty Hospital-Woodstock, which is located at 527 West South Street, Woodstock, and to (2) discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed hospital.

We propose to discontinue the Skilled Nursing Service at Centegra Specialty Hospital-Woodstock, South Street by December 31, 2014.

In addition, you may be aware that Centegra Specialty Hospital-Woodstock, South Street received a CON permit on April 22, 2014, to discontinue its Acute Mental Illness (AMI) Category of Service during our current fiscal year, which will end in June 30, 2015, in order to relocate that service to Centegra Hospital-Woodstock.

Upon the discontinuation of the Skilled Nursing Service and AMI Service at Centegra Specialty Hospital-Woodstock, South Street, there will not be any inpatient services operating at Centegra Specialty Hospital-Woodstock, South Street. Consequently, Centegra Health System proposes to discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed General Hospital.

Centegra Specialty Hospital-Woodstock, South Street is located in Planning Area HSA 8 McHenry County for General Long-Term Care and in Planning Area A-10 for hospital services.

Centegra Specialty Hospital-Woodstock, South Street has 40 authorized Skilled Nursing beds.

Utilization of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock for the past 2 complete years is shown below.

<u>Period</u>	<u>Admissions</u>	<u>Patient Days</u>	<u>Average Daily Census</u>
CY2012	445	4,259	11.64
CY2013	361	4,560	12.49

We do not believe that the discontinuation of the existing General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street will cause residents of

Planning Area HSA 8 McHenry County, which is the market area for this hospital, unnecessary hardship by the limitation of access to needed services because we believe that there are an adequate number of beds available to provide care for all residents of the planning area, as well as residents of nearby planning areas served by Centegra Specialty Hospital-Woodstock, South Street.

We do not believe that this proposed discontinuation of either Centegra Specialty Hospital-Woodstock, South Street's General Long-Term Care Category of Service or its general hospital license will have an adverse effect upon access to care for residents of Planning Area HSA 8 McHenry County, which is both the planning area and the market area for this hospital. We do not believe that the proposed discontinuation will limit the ability of low-income persons, racial and ethnic minorities, women, handicapped persons, the elderly, and other underserved groups to obtain needed health care services because adequate facilities are available to provide this service for residents of the planning area.

In accordance with the requirements of the Illinois CON program, please assess the impact of the discontinuation of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street or of the discontinuation of Centegra Specialty Hospital-Woodstock, South Street on your facility's caseload, indicating in writing whether your facility has capacity available to accommodate a portion or all of the General Long-Term Care caseload that will be discontinued at Centegra Specialty Hospital-Woodstock, South Street without conditions, limitations, or discrimination. If possible, please quantify the average number of beds that you will have available on a daily basis to accommodate our caseload.

Please note that the Review Board's rules also provide that the failure to respond to this request for an impact statement within 15 days following your receipt of this letter constitutes a non-rebuttable assumption that the discontinuation will not have an adverse impact upon your facility.

If you have any questions relating to this project, please do not hesitate to contact me.

Dear Mr. Stieglitz,

This letter is to notify you that Centegra Health System will be seeking a certificate of need (CON) to (1) discontinue the General Long-Term Care Nursing Category of Service at Centegra Specialty Hospital-Woodstock, which is located at 527 West South Street, Woodstock, and to (2) discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed hospital.

We propose to discontinue the Skilled Nursing Service at Centegra Specialty Hospital-Woodstock, South Street by December 31, 2014.

In addition, you may be aware that Centegra Specialty Hospital-Woodstock, South Street received a CON permit on April 22, 2014, to discontinue its Acute Mental Illness (AMI) Category of Service during our current fiscal year, which will end in June 30, 2015, in order to relocate that service to Centegra Hospital-Woodstock.

Upon the discontinuation of the Skilled Nursing Service and AMI Service at Centegra Specialty Hospital-Woodstock, South Street, there will not be any inpatient services operating at Centegra Specialty Hospital-Woodstock, South Street. Consequently, Centegra Health System proposes to discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed General Hospital.

Centegra Specialty Hospital-Woodstock, South Street is located in Planning Area HSA 8 McHenry County for General Long-Term Care and in Planning Area A-10 for hospital services.

Centegra Specialty Hospital-Woodstock, South Street has 40 authorized Skilled Nursing beds.

Utilization of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock for the past 2 complete years is shown below.

<u>Period</u>	<u>Admissions</u>	<u>Patient Days</u>	<u>Average Daily Census</u>
CY2012	445	4,259	11.64
CY2013	361	4,560	12.49

We do not believe that the discontinuation of the existing General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street will cause residents of

Planning Area HSA 8 McHenry County, which is the market area for this hospital, unnecessary hardship by the limitation of access to needed services because we believe that there are an adequate number of beds available to provide care for all residents of the planning area, as well as residents of nearby planning areas served by Centegra Specialty Hospital-Woodstock, South Street.

We do not believe that this proposed discontinuation of either Centegra Specialty Hospital-Woodstock, South Street's General Long-Term Care Category of Service or its general hospital license will have an adverse effect upon access to care for residents of Planning Area HSA 8 McHenry County, which is both the planning area and the market area for this hospital. We do not believe that the proposed discontinuation will limit the ability of low-income persons, racial and ethnic minorities, women, handicapped persons, the elderly, and other underserved groups to obtain needed health care services because adequate facilities are available to provide this service for residents of the planning area.

In accordance with the requirements of the Illinois CON program, please assess the impact of the discontinuation of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street or of the discontinuation of Centegra Specialty Hospital-Woodstock, South Street on your facility's caseload, indicating in writing whether your facility has capacity available to accommodate a portion or all of the General Long-Term Care caseload that will be discontinued at Centegra Specialty Hospital-Woodstock, South Street without conditions, limitations, or discrimination. If possible, please quantify the average number of beds that you will have available on a daily basis to accommodate our caseload.

Please note that the Review Board's rules also provide that the failure to respond to this request for an impact statement within 15 days following your receipt of this letter constitutes a non-rebuttable assumption that the discontinuation will not have an adverse impact upon your facility.

If you have any questions relating to this project, please do not hesitate to contact me.

Sincerely,

Michael S. Eesley

We do not believe that the discontinuation of the existing General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street will cause residents of

Planning Area HSA 8 McHenry County, which is the market area for this hospital, unnecessary hardship by the limitation of access to needed services because we believe that there are an adequate number of beds available to provide care for all residents of the planning area, as well as residents of nearby planning areas served by Centegra Specialty Hospital-Woodstock, South Street.

We do not believe that this proposed discontinuation of either Centegra Specialty Hospital-Woodstock, South Street's General Long-Term Care Category of Service or its general hospital license will have an adverse effect upon access to care for residents of Planning Area HSA 8 McHenry County, which is both the planning area and the market area for this hospital. We do not believe that the proposed discontinuation will limit the ability of low-income persons, racial and ethnic minorities, women, handicapped persons, the elderly, and other underserved groups to obtain needed health care services because adequate facilities are available to provide this service for residents of the planning area.

In accordance with the requirements of the Illinois CON program, please assess the impact of the discontinuation of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street or of the discontinuation of Centegra Specialty Hospital-Woodstock, South Street on your facility's caseload, indicating in writing whether your facility has capacity available to accommodate a portion or all of the General Long-Term Care caseload that will be discontinued at Centegra Specialty Hospital-Woodstock, South Street without conditions, limitations, or discrimination. If possible, please quantify the average number of beds that you will have available on a daily basis to accommodate our caseload.

Please note that the Review Board's rules also provide that the failure to respond to this request for an impact statement within 15 days following your receipt of this letter constitutes a non-rebuttable assumption that the discontinuation will not have an adverse impact upon your facility.

If you have any questions relating to this project, please do not hesitate to contact me.

Sincerely,

Michael S. Eesley

Dear Mr. Lloyd,

This letter is to notify you that Centegra Health System will be seeking a certificate of need (CON) to (1) discontinue the General Long-Term Care Nursing Category of Service at Centegra Specialty Hospital-Woodstock, which is located at 527 West South Street, Woodstock, and to (2) discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed hospital.

We propose to discontinue the Skilled Nursing Service at Centegra Specialty Hospital-Woodstock, South Street by December 31, 2014.

In addition, you may be aware that Centegra Specialty Hospital-Woodstock, South Street received a CON permit on April 22, 2014, to discontinue its Acute Mental Illness (AMI) Category of Service during our current fiscal year, which will end in June 30, 2015, in order to relocate that service to Centegra Hospital-Woodstock.

Upon the discontinuation of the Skilled Nursing Service and AMI Service at Centegra Specialty Hospital-Woodstock, South Street, there will not be any inpatient services operating at Centegra Specialty Hospital-Woodstock, South Street. Consequently, Centegra Health System proposes to discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed General Hospital.

Centegra Specialty Hospital-Woodstock, South Street is located in Planning Area HSA 8 McHenry County for General Long-Term Care and in Planning Area A-10 for hospital services.

Centegra Specialty Hospital-Woodstock, South Street has 40 authorized Skilled Nursing beds.

Utilization of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock for the past 2 complete years is shown below.

Dear Mr. Scales,

This letter is to notify you that Centegra Health System will be seeking a certificate of need (CON) to (1) discontinue the General Long-Term Care Nursing Category of Service at Centegra Specialty Hospital-Woodstock, which is located at 527 West South Street, Woodstock, and to (2) discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed hospital.

We propose to discontinue the Skilled Nursing Service at Centegra Specialty Hospital-Woodstock, South Street by December 31, 2014.

In addition, you may be aware that Centegra Specialty Hospital-Woodstock, South Street received a CON permit on April 22, 2014, to discontinue its Acute Mental Illness (AMI) Category of Service during our current fiscal year, which will end in June 30, 2015, in order to relocate that service to Centegra Hospital-Woodstock.

Upon the discontinuation of the Skilled Nursing Service and AMI Service at Centegra Specialty Hospital-Woodstock, South Street, there will not be any inpatient services operating at Centegra Specialty Hospital-Woodstock, South Street. Consequently, Centegra Health System proposes to discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed General Hospital.

Centegra Specialty Hospital-Woodstock, South Street is located in Planning Area HSA 8 McHenry County for General Long-Term Care and in Planning Area A-10 for hospital services.

Centegra Specialty Hospital-Woodstock, South Street has 40 authorized Skilled Nursing beds.

Utilization of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock for the past 2 complete years is shown below.

We do not believe that the discontinuation of the existing General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street will cause residents of

Planning Area HSA 8 McHenry County, which is the market area for this hospital, unnecessary hardship by the limitation of access to needed services because we believe that there are an adequate number of beds available to provide care for all residents of the planning area, as well as residents of nearby planning areas served by Centegra Specialty Hospital-Woodstock, South Street.

We do not believe that this proposed discontinuation of either Centegra Specialty Hospital-Woodstock, South Street's General Long-Term Care Category of Service or its general hospital license will have an adverse effect upon access to care for residents of Planning Area HSA 8 McHenry County, which is both the planning area and the market area for this hospital. We do not believe that the proposed discontinuation will limit the ability of low-income persons, racial and ethnic minorities, women, handicapped persons, the elderly, and other underserved groups to obtain needed health care services because adequate facilities are available to provide this service for residents of the planning area.

In accordance with the requirements of the Illinois CON program, please assess the impact of the discontinuation of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street or of the discontinuation of Centegra Specialty Hospital-Woodstock, South Street on your facility's caseload, indicating in writing whether your facility has capacity available to accommodate a portion or all of the General Long-Term Care caseload that will be discontinued at Centegra Specialty Hospital-Woodstock, South Street without conditions, limitations, or discrimination. If possible, please quantify the average number of beds that you will have available on a daily basis to accommodate our caseload.

Please note that the Review Board's rules also provide that the failure to respond to this request for an impact statement within 15 days following your receipt of this letter constitutes a non-rebuttable assumption that the discontinuation will not have an adverse impact upon your facility.

If you have any questions relating to this project, please do not hesitate to contact me.

This letter is to notify you that Centegra Health System will be seeking a certificate of need (CON) to (1) discontinue the General Long-Term Care Nursing Category of Service at Centegra Specialty Hospital-Woodstock, which is located at 527 West South Street, Woodstock, and to (2) discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed hospital.

We propose to discontinue the Skilled Nursing Service at Centegra Specialty Hospital-Woodstock, South Street by December 31, 2014.

In addition, you may be aware that Centegra Specialty Hospital-Woodstock, South Street received a CON permit on April 22, 2014, to discontinue its Acute Mental Illness (AMI) Category of Service during our current fiscal year, which will end in June 30, 2015, in order to relocate that service to Centegra Hospital-Woodstock.

Upon the discontinuation of the Skilled Nursing Service and AMI Service at Centegra Specialty Hospital-Woodstock, South Street, there will not be any inpatient services operating at Centegra Specialty Hospital-Woodstock, South Street. Consequently, Centegra Health System proposes to discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed General Hospital.

Centegra Specialty Hospital-Woodstock, South Street is located in Planning Area HSA 8 McHenry County for General Long-Term Care and in Planning Area A-10 for hospital services.

Centegra Specialty Hospital-Woodstock, South Street has 40 authorized Skilled Nursing beds.

Utilization of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock for the past 2 complete years is shown below.

We do not believe that the discontinuation of the existing General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street will cause residents of

Planning Area HSA 8 McHenry County, which is the market area for this hospital, unnecessary hardship by the limitation of access to needed services because we believe that there are an adequate number of beds available to provide care for all residents of the planning area, as well as residents of nearby planning areas served by Centegra Specialty Hospital-Woodstock, South Street.

We do not believe that this proposed discontinuation of either Centegra Specialty Hospital-Woodstock, South Street's General Long-Term Care Category of Service or its general hospital license will have an adverse effect upon access to care for residents of Planning Area HSA 8 McHenry County, which is both the planning area and the market area for this hospital. We do not believe that the proposed discontinuation will limit the ability of low-income persons, racial and ethnic minorities, women, handicapped persons, the elderly, and other underserved groups to obtain needed health care services because adequate facilities are available to provide this service for residents of the planning area.

In accordance with the requirements of the Illinois CON program, please assess the impact of the discontinuation of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street or of the discontinuation of Centegra Specialty Hospital-Woodstock, South Street on your facility's caseload, indicating in writing whether your facility has capacity available to accommodate a portion or all of the General Long-Term Care caseload that will be discontinued at Centegra Specialty Hospital-Woodstock, South Street without conditions, limitations, or discrimination. If possible, please quantify the average number of beds that you will have available on a daily basis to accommodate our caseload.

Please note that the Review Board's rules also provide that the failure to respond to this request for an impact statement within 15 days following your receipt of this letter constitutes a non-rebuttable assumption that the discontinuation will not have an adverse impact upon your facility.

If you have any questions relating to this project, please do not hesitate to contact me.

Sincerely,

Michael S. Eesley

 Wauconda, IL 60084

Dear Ms. Bernett,

This letter is to notify you that Centegra Health System will be seeking a certificate of need (CON) to (1) discontinue the General Long-Term Care Nursing Category of Service at Centegra Specialty Hospital-Woodstock, which is located at 527 West South Street, Woodstock, and to (2) discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed hospital.

We propose to discontinue the Skilled Nursing Service at Centegra Specialty Hospital-Woodstock, South Street by December 31, 2014.

In addition, you may be aware that Centegra Specialty Hospital-Woodstock, South Street received a CON permit on April 22, 2014, to discontinue its Acute Mental Illness (AMI) Category of Service during our current fiscal year, which will end in June 30, 2015, in order to relocate that service to Centegra Hospital-Woodstock.

Upon the discontinuation of the Skilled Nursing Service and AMI Service at Centegra Specialty Hospital-Woodstock, South Street, there will not be any inpatient services operating at Centegra Specialty Hospital-Woodstock, South Street. Consequently, Centegra Health System proposes to discontinue Centegra Specialty Hospital-Woodstock, South Street as a licensed General Hospital.

Centegra Specialty Hospital-Woodstock, South Street is located in Planning Area HSA 8 McHenry County for General Long-Term Care and in Planning Area A-10 for hospital services.

Centegra Specialty Hospital-Woodstock, South Street has 40 authorized Skilled Nursing beds.

Utilization of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock for the past 2 complete years is shown below.

<u>Period</u>	<u>Admissions</u>	<u>Patient Days</u>	<u>Average Daily Census</u>
CY2012	445	4,259	11.64
CY2013	361	4,560	12.49

We do not believe that the discontinuation of the existing General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street will cause residents of

Planning Area HSA 8 McHenry County, which is the market area for this hospital, unnecessary hardship by the limitation of access to needed services because we believe that there are an adequate number of beds available to provide care for all residents of the planning area, as well as residents of nearby planning areas served by Centegra Specialty Hospital-Woodstock, South Street.

We appreciate the relationship that your facility has had with Centegra Health System and that you have accepted referrals from our hospitals as well as from Centegra Specialty Hospital-Woodstock South Street's Skilled Nursing Unit.

We do not believe that this proposed discontinuation of either Centegra Specialty Hospital-Woodstock, South Street's General Long-Term Care Category of Service or its general hospital license will have an adverse effect upon access to care for residents of Planning Area HSA 8 McHenry County, which is both the planning area and the market area for this hospital. We do not believe that the proposed discontinuation will limit the ability of low-income persons, racial and ethnic minorities, women, handicapped persons, the elderly, and other underserved groups to obtain needed health care services because adequate facilities are available to provide this service for residents of the planning area.

In accordance with the requirements of the Illinois CON program, please assess the impact of the discontinuation of the General Long-Term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street or of the discontinuation of Centegra Specialty Hospital-Woodstock, South Street on your facility's caseload, indicating in writing whether your facility has capacity available to accommodate a portion or all of the General Long-Term Care caseload that will be discontinued at Centegra Specialty Hospital-Woodstock, South Street without conditions, limitations, or discrimination. If possible, please quantify the average number of beds that you will have available on a daily basis to accommodate our caseload.

Please note that the Review Board's rules also provide that the failure to respond to this request for an impact statement within 15 days following your receipt of this letter constitutes a non-rebuttable assumption that the discontinuation will not have an adverse impact upon your facility.

If you have any questions relating to this project, please do not hesitate to contact me.

Sincerely,

Michael S. Eesley  
Chief Executive Officer  
Centegra Health System

Dear Mr. Eesley,

Please accept this letter as our impact statement in reference to the notification by you of the plans for the certificate of need discontinuation for the South Street campus. After review of the letter we are confident that these changes will not have an adverse affect on our facility, Crossroads Care Center. Furthermore, in the event that there is a need to accommodate your case load through this transition and an ongoing basis, we would be able to accommodate and average of 10-11 patients per day.

If you have any further questions regarding this information please feel free to call at your convenience.

Respectfully,

Dear Mr. Eesley,

We are in receipt of your July 9, 2014 letter regarding the proposed discontinuation of the General Long-Term Care Category of Service at Centegra's Specialty Hospital on South Street in Woodstock. Based on several factors, we believe Hearthstone Manor could effectively accommodate more than half of the caseload that is currently being served at Centegra's Specialty Hospital.

In May of 2014, Hearthstone Manor completed a thorough remodeling of our Medicare Rehabilitation Unit, in effect, increasing the capacity of private patient rooms along with a new rehab gym and private entrance. Based on the average daily census of 13 at Hearthstone Manor over the past two fiscal years, we could accommodate a minimum of eight additional patients if Centegra's Long-Term Care unit at South Street was no longer in operation. Since Hearthstone associates have managed Centegra's unit at South Street for the past two years, we know the type of patients served there, and can provide the same level and quality of service at the Manor.

Please feel free to contact me with any questions you may have. We look forward to a continued strong partnership with Centegra Health System.

Sincerely,

Terry Egan  
President and CEO

July 17, 2014

Dear Mr. Easley,

We are in receipt of your letter dated July 9, 2014 regarding the planned discontinuation of General Long-term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street and the discontinuation of Centegra Specialty Hospital-Woodstock, South Street

We appreciate our relationship with Centegra Health System in providing high quality healthcare services to our community. We agree with the opinion of Centegra Health System that the discontinuation of General Long-term Care Category of Service at Centegra Specialty Hospital-Woodstock, South Street and the discontinuation of Centegra Specialty Hospital-Woodstock, South Street will not have an adverse effect upon access to care for residents of Planning Area HSA-8 McHenry County the market area of the hospital or cause any unnecessary hardship or limitation of access to needed services.

Per your request, we are responding with our availability for those patients who would have received care at the Woodstock, South Street location. Currently The Springs at Crystal Lake has a capacity of 97 beds. Our Average daily census for the past year has been 55.5, which gives us an average of 41.5 beds available on a daily basis to accommodate the entire additional average census of 12.49 described in your letter. We are accustomed to handling 5-8 admissions per day and are capable of handling more if the need arises.

We continue to focus our efforts on advancing the coordination of care with Centegra Health System in order to provide high quality healthcare services to the patients we serve.

Sincerely,

Stephanie Dimitrenko R.N./N.H.A.

Re: Certificate of Need Response Letter Related to the Discontinuation of the General Long-Term Care Category of Service

Dear Mr. Eesley-

The purpose of this letter is to provide Centegra with the responses requested in the 7-9-2014 letter regarding the discontinuation of the General Long-Term Care Category of Service at South Street. Valley Hi has reviewed your letter and agrees with your assessment that the discontinuation of services at South Street will have minimal impact on Valley Hi.

We have also discussed the possibility of accommodating the caseload and are able to accept residents to our facility provided that an appropriate bed is available. We will happily review all referrals sent to Valley Hi for consideration of placement.

Please feel free to contact me should you have any questions or require any additional information. I can be reached directly at 815-334-2806.

Sincerely,
