SERVICES REVIEW BOARD

Dear Courtney,

Quite accidentally I came upon some information on the internet the other day sponsored by St. Elizabeth's Hospital. Suddenly it became clear to me why the members of the Health Facilities and Services Review Board would consider granting St. Elizabeth's the right to move from Belleville to O'Fallon, Illinois. There are many "untruths" in their presentation. Actually, there are many untruths in much of what has been relayed to your board and to the public in general.

I delivered all four of my children at St. E's and have been a staunch supporter of St. Elizabeth's my whole life. But, the untruths presented and lack of integrity displayed by those representing St. Elizabeth's Hospital in this serious situation has been totally disheartening.

My only request from you as a member of the Facilities and Services Review Board is to please ask for divine guidance before you cast your vote. My prayer from the day I became aware of this discussion for St. E's to move has been for the highest good. I hope you will join me in praying for the highest good and let yourself be led by a higher power when making your decision in favor or against granting the CON to St. Elizabeth's Hospital.

Sincerely,

Julie Orlet
