RE: In Support of Project #14-043 St. Elizabeth's Hospital's replacement hospital in O'Fallon

Dear Ms. Avery:

I am writing in support of St. Elizabeth's Hospital's plans to build a replacement hospital in O'Fallon.

I work for HSHS as the Southern Illinois Director of Emergency Services.

My family lives in the metro east and benefit from the services provided by St. Elizabeth's Hospital. I have also been a patient at St. Elizabeth's Hospital as an ED patient.

The replacement hospital will benefit my family due to the better location and ease of access.

The hospital building in Belleville is in desperate need of repair. The new hospital building is needed to increase the efficiencies of emergency services including CT, radiology, and cardiovascular catheterization. In the current facility the services are located a great distance from the EMS arrival area. In the new building these services will be much closer to save precious minutes to save lives.

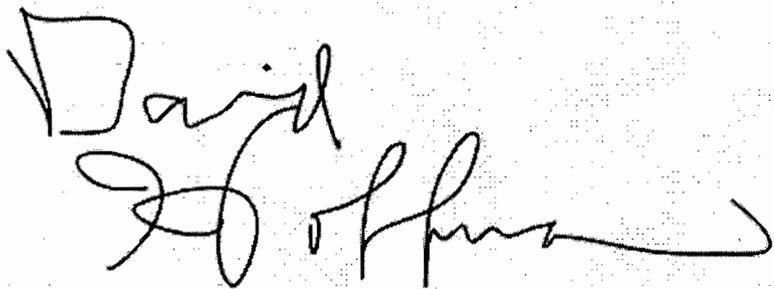

I firmly support approval of St. Elizabeth's replacement hospital in O'Fallon, Illinois.

Sincerely,

Mr. David Hoffman
