Re: Project Completion and Final Realized Cost Report for Project #14-052 Taylorville Memorial Hospital

Dear Ms. Avery:

This letter is submitted in compliance with State Board Rule 1130.770 which requires that a CON permit holder provide a Project Completion and Final Realized Cost Report to the Illinois Health Facilities and Services Review Board.

Taylorville Memorial Hospital received approval on January 27, 2015 to discontinue its 20-bed Long Term Care category of service. There is no cost associated with this discontinuation project.

The project was completed on February 21, 2015 at a Final Realized Cost of \$0.00.

The scope of the project has not altered from what was approved by the IHFPB. If additional information is required, please contact me at 217-788-3342.

Sincerely,

A handwritten signature in black ink that reads "Mitchell L. Johnson". The signature is written in a cursive, flowing style.
