In Re: Withdrawal of Application Project #14-064 Adult ED

Dear Ms. Avery:

We wish to withdraw our application for Project #14-064 for our Adult Emergency Department.

We remain committed to expanding our emergency services. Because of strong and growing demand for our emergency services that coincides with sustained, high levels of inpatient occupancy at the University of Chicago Medical Center, we need to further analyze how to address capacity issues in a manner that improves overall access to medical care for our community. Planning is now underway and we expect to submit a new application in the next several months.

Sincerely,

John R. Beberman
