Dear Ms. Avery:

It is with my constituents' interests in mind that I express my support for Advocate Condell Medical Center's proposal for an Ambulatory Surgery and Treatment Center on its Libertyville campus.

As a resident of Lake County, I know what Advocate Condell means to our community. Our residents have easy access to the highest quality medical care, and this project will make that same care possible in a more appropriate, convenient and cost-effective location.

I fully support Condell's proposed Ambulatory Surgery Treatment Center, and I urge you to approve this project.

Thank you for your consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "Terry Link", written over a horizontal line.

Re: Advocate Condell Medical Center - Ambulatory Surgery Treatment Center Application

Dear Ms. Avery:

I'm writing to express to you the importance of a new ambulatory surgery center proposed by Advocate Condell Medical Center.

Condell is Lake County's only Level 1 Trauma Center in Lake County, providing a critical service to our residents when they are most in need. Those patients need immediate life-saving care, and that often means displacing others. Having a facility dedicated to outpatients will alleviate that conflict, and ensure that both patient populations are receiving the highest-quality care in the most appropriate setting.

On behalf of our agency and the community we serve, I encourage the Board to support the proposed ambulatory surgery center.

Respectfully,

A handwritten signature in black ink that reads "Jeff Steingart".

Jeff Steingart, CFO
Fire Chief

Re: Project # Advocate Condell Ambulatory Surgery Treatment Center

Dear Ms. Avery:

I'm writing to you today in support of Advocate Condell's proposal to open an Ambulatory Surgery Treatment Center. The residents of Libertyville have made it known that they appreciate the care they get now from Condell. The Village staff values the cooperation they receive from Condell. It comes as no surprise that Condell wishes to pursue this additional opportunity to provide a new model of care for our community.

Allowing the option for services and procedures to be delivered in an outpatient setting when appropriate will benefit patients, their families, and all consumers of health care. The same excellent care delivered at Advocate Condell will be delivered in a way that is more convenient and cost-effective.

This is a natural extension of Condell's mission, and is forward-thinking as patient care evolves. It also involves a significant investment in our community. The largest employer in Libertyville, Condell is a major economic engine. I support their growth and reinvestment as it is good for the entire community.

Thank you for your consideration.

Sincerely,

Terry L. Wepler
Mayor of Libertyville
