HEALTH FACILITIES &
SERVICES REVIEW BOARD

RE: Rush Oak Brook Orthopaedic Center
Rush Oak Brook Surgery Center

Dear Ms. Avery:

It is my pleasure to lend my support to the projects referenced above, which will result in the development of a medical office building and an outpatient surgical facility in Oak Brook. This project will benefit the communities that I represent in multiple ways. Jobs---not only construction-related, but permanent high-quality jobs---will be brought to the area. Increased tax revenues will be realized, and the surrounding businesses will experience increased customer traffic.

From a medical care perspective, the reputations of Rush University Medical Group and Midwest Orthopaedics at Rush are beyond reproach. The locating of these groups, as well as the locating of a surgery center in Oak Brook for their patients' use will reduce out-migration into Chicago and be a tremendous benefit to my constituents, many of whom experience difficulties commuting to Rush's Chicago campus.

Again, I am in support of these projects, and enthusiastically encourage the Health Facilities Planning Board to approve both the Orthopaedic and Surgery Centers.

Sincerely,

A handwritten signature in cursive script that reads "Chris Nybo".
