Subject: Evergreen Park Application

Hi all:

Sorry for the confusion on this. We do not want to withdraw the application that was just submitted. There was no prior application submitted in July, just the request for emergency treatment of the discontinuation of the prior clinic.

The emergency request is based on the fact the parking structure which provided an entrance and exit directly into the clinic was demolished. The clinic was rendered without an emergency exit and unsafe. The condemnation notice for the parking structure will be provided. The building while not without any parking is not condemned to our knowledge.

If the situation does not meet your definition of an emergency we would appreciate expedited treatment given the hardship the clinic patients are experiencing due to this situation.
