Re: Letter in Support of ASC at Advocate Sherman Hospital

Dear Ms. Avery:

I would like to express my support on behalf of the City of Elgin for Advocate Sherman Hospital's proposal to build an ambulatory surgery center on its hospital campus on Randall Road in Elgin.

As a lifelong Elgin resident and having served on the city council since 2005, I know what Advocate Sherman Hospital means to our community. Our residents are fortunate to have access to the highest quality medical care, and this project will make that same care possible in a more convenient, cost-effective setting for patients and families.

As the City of Elgin and Advocate Sherman Hospital work together to build a healthier community, improving access to high quality, lower cost care is critical. I fully support Sherman's proposed ambulatory surgery center, and I urge you to approve this project.

Sincerely,

David J. Kaptain
Mayor
City of Elgin
